

**Lots of ways to keep
your workers
working for you.**

One is to keep them alive.

And we want to help. With a comprehensive employee education program on cancer. The program tells your people life-saving facts about cancer. And how their doctors can spot it early—when most cancer is beatable.

We have free films, exhibits, speakers. And pamphlets and articles for your house organ.

Get in touch with your local American Cancer Society Unit. Tell them your plans. And they'll work with you.

Because we want you to keep your workers. By keeping them alive.
