CONTENTS

Alberto Houssay, George M. Higgins, and Warren A. Bennett. The Influence Exerted by Desoxycorticosterone Acetate upon the Production of Adrenal Tumors in Gonadectomized Mice...

Byron Riegel, William B. Wartman, Willard T. Hill, Blanchard B. Reeb, Philippe Shubik, and D. Warren Stanger. Delay of Methylicholanthrene Skin Carcinogenesis in Mice by 1,2,5,6-Dibenzo fluorene...

E. Annu, A. Manginelli, and A. Roth. Increased Weight and Mitotic Activity in the Liver of Tumor-bearing Rats and Mice...

Helen M. Dyer, Helen E. Ross, and Harold P. Morris. Further Studies on the Recovery of 2-Acetylaminofluorene from Rats Following Oral Administration...

Henry S. Bloch, Claude R. Hitchcock, and Arnold J. Kremen. The Distribution of S3 from Labeled DL-Methionine in Mice Bearing Carcinoma of the Breast, Neoplasms of the Hematopoietic System, or Liver Abscesses...

Hans L. Falk, Paul E. Steiner, Sam Goldfein, Alexander Breslow, and Ruth Hykes. Carcinogenic Hydrocarbons and Related Compounds in Processed Rubber...

George Limperos. Roentgen Irradiation of Deoxyribonucleic Acid. III. The Relation of Dose to Degree of Depolymerization in Vivo and the Influence of Oxygen Tension...

Richard H. Steckel and John R. Murlin. The Carbohydrate Metabolism of the Brown-Pearce Carcinoma of the Rabbit in Normal and Hypoglycemic Serum...

Albert C. Snell, Jr., and Benedict V. Pavata. The Development of Resistance to Re inoculation and of Circulating Cytotoxins in Response to Heterologous Ocular Tumor Transplantation in the Guinea Pig...

R. W. Begg. Systemic Effects of Tumors in Rats...

R. E. Stowell, C. S. Lee, K. K. Tsuobi, and A. Villasana. Histochemical and Microchemical Changes in Experimental Cirrhosis and Hepatoma Formation in Mice by Carbon Tetrachloride...

Van R. Potter and Gloria G. Lyle. Oxidative Phosphorylation in Homogenates of Normal and Tumor Tissues...

M. H. Toosy. Histological and Chemical Alterations Produced in Mouse Epidermis by Soft X-Radiation...

H. Christine Reilly and C. Chester Stock. Studies on a Tumor-retarding Agent Produced by Aspergillus fumigatus...

Perihan Cambel. Fluorescence Studies of Carcinogens in the Rat Skin...

Sam Sorof and Philip P. Cohen. Electrophoretic and Ultracentrifugal Studies on the Soluble Proteins of Various Tumors and of Livers from Rats Fed 4-Dimethylaminoazobenzene...

Sam Sorof, Philip P. Cohen, E. C. Miller, and J. A. Miller. Electrophoretic Studies on the Soluble Proteins from Livers of Rats Fed Aminoazo Dyes...

Samuel Graff, Morris Engelman, Horace B. Gillespie, and Ada M. Graff. Guanine in Cancer...
