NOTICE TO AUTHORS

Before preparing manuscripts for submission to CANCER RESEARCH, authors are urged by the Editor to consult the detailed INSTRUCTIONS TO AUTHORS which are given in the January 1971 issue of the Journal. Copies of these instructions are available from the Editorial Office upon request.
If something’s going wrong, it’ll tell you.
1. Change in bowel or bladder habits.
2. A sore that does not heal.
3. Unusual bleeding or discharge.
4. Thickening or lump in breast or elsewhere.
5. Indigestion or difficulty in swallowing.
6. Obvious change in wart or mole.
7. Nagging cough or hoarseness.

If you have a warning signal, see your doctor. If it’s a false alarm, he’ll tell you. If it isn’t, you can give him time to help. Don’t be afraid. It’s what you don’t know that can hurt you.
