When was the last time you thought enough of yourself to have a Pap test?

If you can find time for the beauty salon once a week, you can find time for the Pap test once a year. It's quick. It's painless. It's great to know you're free of uterine cancer.

And if those reasons aren't reason enough, maybe this will be: Nearly 100% of all uterine cancers are curable when detected early. The next time you call your beauty salon for an appointment call your doctor for one, too.

It makes sense to have a yearly Pap test. It makes sense to give to the American Cancer Society.
