American Cancer Society

**NATIONAL CONFERENCE
ON BREAST CANCER**

A national conference on breast cancer, sponsored by the American Cancer Society, will be held September 6 through 8, 1979, at the Waldorf-Astoria Hotel, New York, New York. The purpose of the conference is to improve the quality of care of the breast cancer patient by providing the primary physician with a greater understanding of the many factors which affect the management of this disease. Experts in the various disciplines will present the latest information on causation, pathology, detection, diagnosis, and patient management; the social and psychological problems which concern the patient will also be explored. Attendance is open to physicians and medical students. There is no registration fee, but advance registration is requested. The conference is approved for 16 credit hours in Category I. For further information, write to:
