PROGRAM PLANNING COMMITTEE

Co-Chairmen

Vincent Groupé
Gian C. Salmoiraghi

Committee Members

John B. Moloney
Albert Pawlowski

PROGRAM

List of Participants ......................................................... 2818

SESSION I

Introduction

Chairperson: John B. Moloney

Cancer Overview

Diane J. Fink ................................................................. 2819

A Historical Overview of Alcohol and Alcoholism

Mark Keller ................................................................. 2822

SESSION II

Drinking Patterns, Alcohol Abuse, and Alcoholism

Chairperson: Donald W. Goodwin

Measurements of Drinking Patterns in the General Population and Possible Applications in Studies of the Role of Alcohol in Cancer

Robin Room ................................................................. 2830

The Family Physician and Confrontation in Alcoholism

William M. Lukash ..................................................... 2834

The Disease of Alcoholism

Stanley E. Gitlow ......................................................... 2836

SESSION III

Alcohol as a Factor in the Incidence and Development of Cancer

Chairperson: Joseph F. Fraumeni, Jr.

Epidemiology of Alcohol and Cancer

A. J. Tuyns ................................................................. 2840

Etiological and Preventive Implications in Alcohol Carcinogenesis

G. David McCoy and Ernst L. Wynder ................................ 2844

Epidemiological Opportunities in Alcohol-related Cancer

Joseph F. Fraumeni, Jr. .................................................. 2851
SESSION IV

Alcohol Use and Abuse in the Treatment, Rehabilitation, and Continuing Care of Cancer Patients

Chairperson: Diane J. Fink

Rehabilitation and Continuing Care of Cancer Patients
