REGISTRATION FEE

<input type="checkbox"/> Members	\$40.00	\$ _____	<input type="checkbox"/> AACR Proceedings	\$15.00
<input type="checkbox"/> Nonmembers	50.00	\$ _____		
<input type="checkbox"/> Students	20.00	\$ _____	Total	
			Enclosed \$	_____

(Students must present a statement, signed by the registrar, dean, or department head of their university or college on official letterhead confirming their status.) Mail advance registration form with applicable fee to the AACR Office at Temple University School of Medicine, West Building, Room 301, Broad and Tioga Streets, Philadelphia, Pennsylvania 19140. Receipts will be sent to you as the forms are processed. All registrants will be mailed a copy of the Program and *Proceedings* prior to the meeting. Nonmember registration fees do not include the *AACR Proceeding*; these must be purchased separately. Additional copies of the *Proceedings* will be available for purchase at the Registration Desk.

REFUND POLICY

The deadline for advance registration is April 29, 1983. Full refunds will be granted on written request prior to May 10, 1983. Receipts must be returned to the AACR Office with the refund request. No refunds will be granted after May 10.

Further information and forms for hotel accommodations can be obtained from the AACR Office (see address above—215/221-4565)

Checks should be made payable to AACR, Inc. and must accompany this form. All fees must be paid in U.S. currency. Purchase orders will not be accepted as payment.

This Publication is available in Microform.

A New Series ... **ADVANCES IN VIRAL ONCOLOGY** Series Editor: **George Klein**

Meeting the demands of this rapidly growing field, **ADVANCES IN VIRAL ONCOLOGY** helps specialists in cancer research and viral oncology keep abreast of the latest developments. Each volume contains expert reviews of timely importance...

Volume 1: ONCOGENE STUDIES, George Klein, Editor

Contents: Genetic Structure and Transforming Genes of Avian Retroviruses, *K. Bister and P. H. Duesberg* / Avian Sarcoma Viruses, Protein Kinases, and Cell Transformation, *R. L. Erikson and A. F. Purchio* / Viral-Encoded Transforming Proteins and Transforming Growth Factors, *J. R. Stephenson and G. J. Todaro* / Transformation of Hemopoietic Cells with Avian Leukemia Viruses, *C. Moscovici and L. Gazzolo* / The Viral and Cellular p21 (*ras*) Gene Family, *R. W. Ellis, D. R. Lowy, and E. M. Scolnick* / The Cellular Oncogene of the Abelson Murine Leukemia Virus Genome, *S. P. Goff and D. Baltimore* / The Putative *Mam* Gene of the Murine Mammary Tumor Virus, *P. Bentvelzen* / The Transforming Genes of Primate and Other

Retroviruses and Their Human Homologs, *F. Wong-Staal and R. C. Gallo* / Organizational Changes of Cytoskeletal Proteins During Cell Transformation, *C. Boschek* / Moloney Sarcoma Virus: A Model for Transformation by Endogenous Cellular Genes, *D. G. Blair and G. F. Vande Woude* / Avian Leukosis Viruses: Activation of Cellular "Oncogenes", *W. S. Hayward, B. C. Neel, and S. M. Astrin* / Transforming Genes of Nonvirus-Induced Tumors, *R. A. Weinberg* / Analysis of Cellular Transforming Genes by Transfection, *G. M. Cooper, M. Lane, T. C. Krontiris, and G. Goubin*

1982 / 272 pages / \$55.00
ISBN 0-89004-692-1 Order Code 1081

Volume 2: THE TRANSFORMATION-ASSOCIATED CELLULAR p53 PROTEIN, George Klein, Editor

Contents: The Origins of p53 in Relation to Transformation, *I. Crawford* / The Complex Between p53 and SV40 T Antigen, *D. P. Lane, J. Gannon, and G. Winchester* / Monoclonal Antibody Analysis of p53, *E. G. Gurney* / Control of Cellular Levels of the Transformation-Associated 53-55 K Proteins (p53s), *P. May, E. May, and M. Kress* / The Mechanisms Regulating the Levels of the Cellular p53 Tumor Antigen in Transformed Cells, *A. J. Levine, M. Oren, N. Reich, and P. Sarnow* / Host Nuclear Phosphoproteins That Com-

plex Simian Virus 40 Large T Antigen, *R. B. Carroll, A. S. Blum, and D. S. Greenspan* / p53: A Transformation-Related Protein Found in Chemically Induced Sarcomas and Other Transformed Cells, *E. Appella and V. J. Hearing* / The DNA-Binding Protein p53 in Epstein-Barr Virus Transformed Cells, *J. Luka and H. Jörnvall*

1982 / 192 pages / 49 illustrations / 16 tables / \$32.00
ISBN 0-89004-857-6 Order Code 1227

In Press...

Volume 3: DNA-VIRUS ONCOGENES AND THEIR ACTION, George Klein, Editor

The Biochemical Basis of Transformation by Polyoma Virus, *A. E. Smith and B. K. Ely* / The Structure and Function of the Simian Virus 40 Large T-Antigen, *P. W. J. Rigby and D. P. Lane* / Structure and Function of Papillomaviruses Genome, *O. Danos and M. Yaniv* / Molecular Biology of Adenovirus Transformation, *U. Pettersson and G. Akusjärvi* / Epstein-Barr Virus Transformation and Replication, *E. Kieff, T. Dambaugh, M. Hummel and M. Heller* / Epstein-Barr Virus (EBV) Transformation: Biological and Functional Aspects, *J. Zeuthen* / Epstein-Barr Virus-Induced Transformation: Immunolog-

ical Aspects, *A. B. Rickinson and D. J. Moss* / Transcription Patterns in HSV Infections, *E. K. Wagner* / Biological Aspects of Transformation by Herpes Simplex Viruses, *G. S. Hayward and G. R. Reyes* / Oncogenic Transformation by Herpesvirus saimiri, *R. C. Desrosiers and B. Fleckenstein* / Hepatitis B Virus and Primary Hepatocellular Carcinoma, *W. T. London*

May 1983 / approx. 400 pages / 69 illustrations / 15 tables
ISBN 0-89004-824-X Order Code 1257

A New Journal ... **JOURNAL OF BIOLOGICAL RESPONSE MODIFIERS**

Immunomodulators, Lymphokines, Antibodies, Cells, and Cell Products in Cancer Biology and Cancer Therapy

Editor-in-Chief: **Robert K. Oldham, M.D.**, National Cancer Institute, Frederick Cancer Research Facility, Frederick, Maryland

Numerous advances in laboratory technology on monoclonal antibodies, the biochemical isolation and purification of lymphokines and cytokines, and developments in genetic engineering have led to tremendous expansion of biological response modifier literature. This journal publishes expertly written articles and short communications in these areas.

Volume 2(1983)—6 issues.
Individual subscription rates: U.S. \$60.00; elsewhere \$76.00.
Library and Institutional rates: U.S. \$80.00; elsewhere \$96.00.

CANCER. NOT KNOWING THE RISKS IS YOUR GREATEST RISK.

THE RISKS OF CANCER. FOR MEN AND WOMEN.

- | | | |
|--|-----|----|
| 1. Do you smoke cigarettes? | Yes | No |
| 2. Do you work with any of these substances—arsenic, vinyl chloride, asbestos, nickel, chromates, uranium? | Yes | No |
| 3. Do you have a light complexion and spend much time in the sun? | Yes | No |
| 4. Have any of your close relatives had colon or rectum cancer? | Yes | No |

THE RISKS OF CANCER. FOR WOMEN ONLY.

- | | | |
|--|-----|----|
| 1. Do you have vaginal bleeding between menstrual periods? | Yes | No |
| 2. Have you noticed vaginal bleeding after the "change of life"? | Yes | No |
| 3. Do you take hormones for "change of life" symptoms? | Yes | No |
| 4. Have you or any of your close relatives had breast cancer? | Yes | No |
| 5. Was your first child born after you were 30 years old? | Yes | No |

A lot of people think cancer is unbeatable.

That simply isn't true. In fact, over two million people have had cancer and survived to lead happy, normal lives.

And not only can cancer be beaten, it can also be prevented.

There are definite precautions that have been proven to decrease your risk of getting certain cancers.

Check the chart and see how familiar you are with the risks.

Even if you answer "no" to all the questions, you should still talk with your physician about how often you need cancer-related checkups.

Ask your local American Cancer Society to send you a free booklet about cancer risks.

Learn the facts about cancer. And make not knowing the risks, one less risk.

AMERICAN CANCER SOCIETY
How you live may save your life.
