Be Immortal.

If you could look into the eyes of generations yet to come, you would be there.

Because immortality lies not in the things you leave behind, but in the people that your life has touched, for good or bad.

By including the American Cancer Society in your will, you can have a powerful effect on those who come after you.

You see, cancer *is* beatable. The survival rate for all cancers is already approaching 50% in the United States.

You'll be leaving behind a legacy of life for others. And that is a beautiful way of living forever yourself.
