1A. Title of Publication  
Cancer Research

3. Frequency of Issue  
Semimonthly

4. Complete Mailing Address of Known Office of Publication (Street, City, County, State and ZIP+4 Code) (Not printers)  
530 Walnut Street, 10th Floor  
Philadelphia, PA 19106

5. Complete Mailing Address of the Headquarters of General Business Offices of the Publisher (Not printer)  
same as above

6. Full Names and Complete Mailing Address of Publisher, Editor, and Managing Editor (This item MUST NOT be Blank)  
Publisher (Name and Complete Mailing Address)  
American Association for Cancer Research  
530 Walnut Street, 10th Floor, Philadelphia, PA 19106

Editor (Name and Complete Mailing Address)  
Dr. Peter N. Magee, American Association for Cancer Research,  
530 Walnut Street, 10th Floor, Philadelphia, PA 19106

Managing Editor (Name and Complete Mailing Address)  
Ms. Margaret Foti, American Association for Cancer Research,  
530 Walnut Street, 10th Floor, Philadelphia, PA 19106

7. Owner (If owned by a corporation, its name and address must be stated and also immediately theretofore the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Item must be completed.)

AMERICAN ASSOCIATION FOR CANCER RESEARCH
INFORMATION ON APPLICATION FOR ACTIVE
AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Members of the AACR enjoy the following benefits:

1. a subscription to the journal Cancer Research at the reduced member rate;
2. the privilege of sponsoring an abstract for presentation at the AACR annual meeting;
3. an advance copy of the Program and Proceedings pertaining to each annual meeting;
4. a reduced registration rate at the annual meeting;
5. early notification of events in the AACR’s new series of small scientific meetings;
6. subscriptions to any future AACR journals at reduced member rates;
7. preferred access to the AACR Employment Register;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas, and who have conducted two years of meritorious research that has resulted in publications relevant to cancer. If a candidate is working in a research area not directly related to the cancer field but has conducted research of exceptional scientific merit, he or she may also qualify for membership.

Corresponding membership is open to qualified persons who are not residents of the Americas. The requirements for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin soon after submitting their applications should apply for corresponding membership. All other individuals should apply for active membership and transfer to corresponding status at a later date if they should leave the Americas.

PROCEDURES FOR APPLICATION

There are two deadlines for receipt of a membership application: August 1 and December 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors, which formally elects all members. The same procedure is followed by the Special Memberships Committee, which receives applications for corresponding membership. Applicants who meet the August 1 deadline will be notified of the Board’s decision in November, and, if elected, will be eligible to sponsor an abstract for the annual meeting of the AACR to be held the following Spring. Applicants meeting the December 1 deadline will be notified about their election in March.

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical standards.—OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3. above from a seconder who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter).—OR—The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
530 Walnut Street
Tenth Floor
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for a subscription to the AACR’s official publication outlet, Cancer Research. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research at the higher, nonmember rate will receive reimbursement of the unused portion of that subscription once their first year’s membership dues are paid in full.

All corresponding members elected after May 23, 1985, are required to pay an annual assessment in lieu of dues. This assessment, which is equivalent to that portion of the regular dues that pertains to support of activities other than the journal Cancer Research, is imposed to defray the cost of sending AACR publications to members outside the Americas. Corresponding members may, if they wish, subscribe to Cancer Research at the reduced member rate.

Successful candidates will be expected to begin paying dues to the AACR in the year following receipt of their applications; e.g., successful applicants who meet either the August 1, or December 1, 1988 deadlines will begin to pay dues in 1989.

Margaret Foti
Executive Director

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (in this instance, the active member who co-signs the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
4. preferred access to the AACR Employment Register;
5. an optional subscription to the journal Cancer Research at the reduced member rate;
6. subscriptions to any future AACR journals at reduced member rates;
7. early notification of events in the AACR's new series of small scientific meetings on timely scientific topics;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted to the Association Office at any time. After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of $20, which represents one year's dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $20 dues payment to:

American Association for Cancer Research
530 Walnut Street - 10th Floor
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1988 and 1989 have been set at $20 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1988 for the forthcoming annual meeting must have paid dues for 1988. Any newly elected associate members of AACR who have already purchased subscriptions to Cancer Research at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance on or before January 1 of that year. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1988 may retain associate membership until December 31, 1992. The Board of Directors may terminate the membership of any associate member whose dues are in arrears for two years.

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true. 

Signature of Candidate: ___________________________ Date: ___________________________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator: ___________________________ Date: ___________________________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check for $20 in U.S. funds made payable to AACR, Inc. and drawn on a U.S. bank. Check one of the following boxes only if this form is being submitted between September 1 and December 31:

The enclosed dues payment should be applied to the

☐ current  ☐ forthcoming  calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1.) See Guidelines for Application on the reverse side of this form for further instructions.

(This form may be reproduced.)
CASSETTE ORDER FORM

79th ANNUAL MEETING OF THE AMERICAN ASSOCIATION FOR CANCER RESEARCH
May 25—28, 1988

24th ANNUAL MEETING OF THE AMERICAN SOCIETY OF CLINICAL ONCOLOGY
May 22—24, 1988

EACH CASSETTE IS $11.50
PROGRAMS MAY CONSIST OF ONE TO THREE CASSETTES

AMERICAN ASSOCIATION FOR CANCER RESEARCH

☐ CAN 822 Special Organ Site II: Prostate
  $23.00 (Two cassettes)

☐ CAN 823 Presidential Address: Immunomodulation by Anticancer Agents [Enrico Mihich] (One cassette)
  $11.50

☐ CAN 825 Annual Business Meeting (AACR)
  $23.00 (Two cassettes)

☐ CAN 826 Symposium III: New Approaches to the Discovery of Anticancer Agents (Two cassettes)
  $23.00

☐ CAN 827 Symposium IV: Growth Factors, Oncogenes, and the Control of Proliferation (Two cassettes)
  $23.00

☐ CAN 828 Symposium V: Tumor Suppressor Genes — Mechanistic Aspects (Two cassettes)
  $23.00

☐ CAN 829 Minisymposium Biology VIII: Signal Transduction and Protein Kinase II (Two cassettes)
  $23.00

☐ CAN 830 Special Organ Site III: Lung
  • $34.50 (Three cassettes)

☐ CAN 831 Carcinogenesis XIII: Metabolic Activation of Carcinogens II: Aromatic Amines, Nitroso Compounds (Two cassettes)
  $23.00

☐ CAN 832 Endocrinology IV: Endocrinology of Breast Cancer II (Two cassettes)
  $23.00

☐ CAN 833 Immunology X: Lymphokines and Cytokines (Two cassettes)
  $23.00

☐ CAN 834 Preclinical Pharmacology VI: Biochemical Pharmacology II (Two cassettes)
  $23.00

☐ CAN 835 Preclinical Pharmacology VII: Preclinical Pharmacology II (Two cassettes)
  $23.00

☐ CAN 836 Minisymposium Experimental Therapeutics XII: Ether Lipid Analogs and Other Membrane-Active Chemotherapeutic Agents (Three cassettes)
  $34.50

☐ CAN 837 Biochemistry IV: DNA Modification, Damage, and Repair (Three cassettes)
  • $34.50 (Three cassettes)

☐ CAN 838 Biology XI: Growth Factors II (Three cassettes)
  $34.50

☐ CAN 839 Minisymposium Carcinogenesis XV: Mechanisms of Tumor Promotion (Three cassettes)
  $34.50

☐ CAN 840 Minisymposium Carcinogenesis XVI: DNA Adducts (Three cassettes)
  $34.50

☐ CAN 841 Minisymposium Immunology XIII: Cytotoxic Cells and Cell Therapy (Three cassettes)
  • $34.50 (Three cassettes)

☐ CAN 842 Minisymposium Molecular Biology/Virology VII: Oncogenes and Progression (Three cassettes)
  $34.50

☐ CAN 843 Experimental Therapeutics XVI: Anthracyclines II (Three cassettes)
  $34.50

☐ CAN 844 Experimental Therapeutics XVII: Alkylating Agents II (Three cassettes)
  $34.50

The new Elite Vectastain® ABC System from Vector.

This new peroxidase-based detection system provides the highest sensitivity available. Through improvements in the patented preformed Avidin/Biotin Complex technique, faster staining is now possible while still retaining the low background characteristic of the VECTASTAIN® ABC System. In addition, substantially less primary antibody is required to achieve staining equivalent to other peroxidase-based immunohistochemical detection methods. The VECTASTAIN® Elite ABC is ideal for all immunohistochemical applications, for Southern, Western and Northern blot techniques, and for enzyme immunoassays.

Join the Elite! Phone or write us now for further information about the newest member of the VECTASTAIN® family. Vector Laboratories, Inc. 30 Ingold Road, Burlingame, CA 94010 (415) 697-3600
