AMERICAN ASSOCIATION FOR CANCER RESEARCH
INFORMATION ON APPLICATION FOR ACTIVE
AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP
The American Association for Cancer Research (AACR) is a
scientific society consisting of laboratory and clinical cancer
researchers. It was founded in 1907 “to bring together active
investigators of the cancer problem for presentation and discus-
sion of new or significant observations; and to foster research in
cancer and other phenomena of growth.” Members of the AACR
enjoy the following benefits:

1. subscriptions to the journals Cancer Research and Cell
   Growth & Differentiation at the reduced member rate;
2. the privilege of sponsoring an abstract for presentation at
   the AACR annual meeting;
3. an advance copy of the Program and Proceedings pertain-
   ing to each annual meeting;
4. a reduced registration rate at all scientific meetings;
5. early notification of events in the AACR’s series of special
   conferences;
6. subscriptions to any future AACR journals at reduced
   member rates;
7. reduced rates for the AACR Employment Register;
8. the benefit of AACR’s public education activities;
9. the receipt of AACR newsletters, meeting announcements,
   and an up-to-date membership directory.

QUALIFICATIONS FOR MEMBERSHIP
Active membership in the AACR is open to investigators who
live in the Americas, and who have conducted two years of
meritorious research that has resulted in publications relevant to
cancer. If a candidate is working in a research area not directly
related to the cancer field but has conducted research of excep-
tional scientific merit, he or she may also qualify for membership.

Corresponding membership is open to qualified persons who
are not residents of the Americas. The requirements for corre-
sponding membership are the same as those for active mem-
bership. Visiting scientists from outside the Americas who intend
to return to their countries of origin soon after submitting their
applications should apply for corresponding membership. All
other individuals should apply for active membership and transfer
to corresponding status at a later date if they should leave the
Americas.

PROCEDURES FOR APPLICATION
There are three deadlines for receipt of a membership appli-
cation: March 1, July 1, and October 1 of each year. The
Membership Committee will review all complete applications for
active membership that have been received by these deadlines
and will submit recommendations on each candidate to the Board
of Directors which formally elects all members. The same pro-
cedure is followed by the Special Memberships Committee which
receives applications for corresponding membership. Candidates
will be notified according to the following schedule:

<table>

</tr>
</tbody>
</table>

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page,
   with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae
   and bibliography.
3. 5 copies of a letter of recommendation from a nominator
   who is an active, emeritus, or honorary member of the
   AACR (at least one copy must be a signed, original letter).
   This letter should describe the candidate’s achievements
   in laboratory research, clinical investigations, or epidemi-
   ological research, and it should affirm that this research
   adheres to accepted ethical standards.—OR—The nomi-
   nator may supply the responses requested at the bottom
   of the application form in the section entitled “STATE-
   MENT OF SUPPORT” (at least one copy of the form must
   be the signed original).
4. 5 copies of a letter of recommendation as described in
   Item 3, above from a seconder who is an active, emeritus,
   or honorary member of the AACR (at least one copy must
   be a signed, original letter).—OR—The seconder may
   supply the responses requested at the bottom of the
   application form in the section entitled “STATEMENT
   OF SUPPORT” (at least one copy of the form must be the
   signed original).
5. 5 reprints of each of two publications on which the candi-
   date appears as author.

All material should be collated into five complete sets with the
original application form as a covering document and sent to the
address given below. Questions regarding procedures for mem-
bership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP
Candidates should be aware of the following responsibilities
of membership in the AACR. Active members must pay annual
dues, a major portion of which is designated for a subscription
to at least one of the AACR’s publications. Newly elected mem-
bers of the AACR who have already purchased subscriptions to
Cancer Research or Cell Growth & Differentiation at the higher,
nonmember rate will receive reimbursement of the unused por-
tion of those subscriptions once their first year’s membership
dues are paid in full.

All corresponding members elected after May 23, 1985, are
required to pay an annual assessment in lieu of dues. This
assessment, which is equivalent to that portion of the regular
dues that pertains to support of activities other than publications,
is imposed to defray the cost of sending AACR publications to
members outside the Americas. Corresponding members may,
if they wish, subscribe to Cancer Research or Cell Growth &
Differentiation at the reduced member rate.

Applicants elected in May will be responsible for payment of
that year’s dues; applicants elected in September and December
will pay dues in the following year. Applicants elected in May
and September will be eligible to sponsor an abstract for the next
annual meeting. Every effort will be made to afford the same
opportunity to applicants elected in December.

STATEMENT OF SUPPORT (in place of letters of recommendation)

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? ___ years

Will the candidate make a long-term contribution to cancer research? ___ Yes ___ No

Does the candidate’s research adhere to accepted ethical standards? ___ Yes ___ No

I therefore recommend this candidate for membership in the American Association for Cancer Research.

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (In this instance, the active member who co-signs the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
4. preferred access to the AACR Employment Register;
5. an optional subscription to the journal Cancer Research at the reduced member rate;
6. subscriptions to any future AACR journals at reduced member rates;
7. early notification of events in the AACR's new series of small scientific meetings on timely scientific topics;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted to the Association Office at any time. After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of $20, which represents one year's dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $20 dues payment to:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1989 have been set at $20 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1989 for the forthcoming annual meeting must have paid dues for 1989. Any newly elected associate members of AACR who have already purchased subscriptions to Cancer Research at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance on or before January 1 of that year. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1989 may retain associate membership until December 31, 1993. The Board of Directors may terminate the membership of any associate member whose dues are in arrears for two years.

   (Please type or print name of AACR active member in good standing.)

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________ Date: ___________________________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator: ___________________________ Date: ___________________________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check for $20 in U.S. funds made payable to AACR, Inc. and drawn on a U.S. bank. Check one of the following boxes only if this form is being submitted between September 1 and December 31:

☐ current ☐ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1.) See Guidelines for Application on the reverse side of this form for further instructions.
