AMERICAN ASSOCIATION FOR CANCER RESEARCH
INFORMATION ON APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Members of the AACR enjoy the following benefits:

1. subscriptions to the journals Cancer Research and Cell Growth & Differentiation at the reduced member rate;
2. the privilege of sponsoring an abstract for presentation at the AACR annual meeting;
3. an advance copy of the Program and Proceedings pertaining to each annual meeting;
4. a reduced registration rate at all scientific meetings;
5. early notification of events in the AACR's series of special conferences;
6. subscriptions to any future AACR journals at reduced member rates;
7. reduced rates for the AACR Employment Register;
8. the benefit of AACR's public education activities;
9. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas, and who have conducted two years of meritorious research that has resulted in publications relevant to cancer. If a candidate is working in a research area not directly related to the cancer field but has conducted research of exceptional scientific merit, he or she may also qualify for membership.

Corresponding membership is open to qualified persons who are not residents of the Americas. The requirements for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin soon after submitting their applications should apply for corresponding membership. All other individuals should apply for active membership and transfer to corresponding status at a later date if they should leave the Americas.

PROCEDURES FOR APPLICATION

There are three deadlines for receipt of a membership application: March 1, July 1, and October 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors who formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application in AACR Office</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>March 1</td>
<td>May</td>
</tr>
<tr>
<td>July 1</td>
<td>September</td>
</tr>
<tr>
<td>October 1</td>
<td>December</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page, with all requested information provided.

2. 5 copies of the candidate's most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate's achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical standards.—OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3. above from a seconder who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter).—OR—The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for a subscription to at least one of the AACR's publications. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research or Cell Growth & Differentiation at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year's membership dues are paid in full.

All corresponding members elected after May 23, 1985, are required to pay an annual assessment in lieu of dues. This assessment, which is equivalent to that portion of the regular dues that pertains to support of activities other than publications, is imposed to defray the cost of sending AACR publications to members outside the Americas. Corresponding members may, if they wish, subscribe to Cancer Research or Cell Growth & Differentiation at the reduced member rate.

Applicants elected in May will be responsible for payment of that year's dues; applicants elected in September and December will pay dues in the following year. Applicants elected in May and September will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in December.

Margaret Foti
Executive Director

STATEMENT OF SUPPORT (in place of letters of recommendation)

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? _____ years
Will the candidate make a long-term contribution to cancer research? _____ Yes _____ No
Does the candidate's research adhere to accepted ethical standards? _____ Yes _____ No
I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator * ___________________________ Date ___________________________

See Guidelines for Application on the reverse side of this form for further instructions.

* Nominators must be active, emeritus, or honorary members of the AACR.
GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (In this instance, the active member who co-signs the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students);
4. preferred access to the AACR Employment Register;
5. an optional subscription to the journal Cancer Research at the reduced member rate;
6. subscriptions to any future AACR journals at reduced member rates;
7. early notification of events in the AACR's new series of small scientific meetings on timely scientific topics;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted to the Association Office at any time. After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of $20, which represents one year's dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $20 dues payment to:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1989 have been set at $20 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1989 for the forthcoming annual meeting must have paid dues for 1989. Any newly elected associate members of AACR who have already purchased subscriptions to Cancer Research at the higher, non-member rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance or before January 1 of that year. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1989 may retain associate membership until December 31, 1993. The board of Directors may terminate the membership of any associate member whose dues are in arrears for two years.

CANDIDATE NOMINATED BY: ____________________________________________

(Please type or print name of AACR active member in good standing.)

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ____________________________________________ Date: __________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator: ____________________________________________ Date: __________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check for $20 in U.S. funds made payable to AACR, Inc. and drawn on a U.S. bank. Check one of the following boxes only if this form is being submitted between September 1 and December 31:

- current
- forthcoming

calendar year.

(NO T E: If dues are applied to the forthcoming year, membership will take effect on January 1.) See Guidelines for Application on the reverse side of this form for further instructions.

(This form may be reproduced.)

81st Annual Meeting of the American Association for Cancer Research

May 23-26, 1990
Washington, DC

Featuring the most up-to-date research findings in the cancer field. The AACR Annual Meeting is the scientific meeting you must attend to learn about the latest developments in both laboratory and clinical cancer research.

Major Scientific Events

Plenary Sessions
Molecular Approaches to Clinical Cancer (sponsored jointly with the American Society of Clinical Oncology) - Bert Vogelstein, Jeffrey Sklar, Thaddeus P. Dryja, Dennis J. Slamon
Epidermal Growth Factor Receptors in Malignancy - George E. Pavlakis, John Mendelsohn, Jeffrey Schlessinger, Adrian L. Harris

Symposium
Cancer Chemoprevention Present and Future - Lee W. Wattenberg, Martin Licht, Michael B. Sporn, Eric J. Stanbridge
New Developments in Experimental and Human Pancreatic Cancer - Parviz M. Pour, Murray Kerr, Manuel Peruchio, Eric P. Sandgren, Richard S. Milsark
Human Tumor-associated Antigens: Molecular Profile and Clinical Applications - Larry Goldstein, Jeffrey Schlessinger, Alan N. Houghton, Solomon Ferrone

Novel Molecular Events in the Cell Cycle - Arthur B. Pardee, Joan Ruderman, Ed Harlow, Jerad Hurwitz
Recent Developments in Breast Cancer Research - Ruth Sager, Pierre Chambon, Joyce Taylor-Papadimitriou, William L. McGuire, Robert Callahan
Antisense Oligonucleotides as Regulators of Gene Expression - Jack S. Cohen, Richard S. Paules, John Reed, Gerald Zh

Papillomaviruses and Human Cancer - Janet S. Butel,
Louse A. Brinton, Thomas R. Broker, Peter M. Howley, Dannel D’Maso

Cytokines: Their Biology and Potential for Regulation - Joost J. Oppenheim, Hans Schreiber, Thomas A. Waldmann, Michel Reul

Effects of Glucocorticoid Receptors on Cell Growth and Gene Expression - E. Brad Thompson, Gordon M. Ringold, E. Aubrey Thompson, Gary L. Firestone

Metastasis: Genetic Mechanisms and Cytokine Signaling Transduction - Lance A. Liotta, Garth L. Nicoll, Patricia S. Steeg, Claudia A. Landis, Robert S. Kerbel

Endogenous versus Exogenous Factors as Major Cancer Risk Determinants - Bruce N. Ames, Brian E. Henderson, Steven R. Tannenbaum, Bruce P. Mossman

Multidrug Resistance in the Laboratory and Clinic - Michael M. Gottesman, Igor B. Rominison, William T. Beck, William S. Dalton

Special Lectures

Presidential Address - Harris Busch
Baylor College of Medicine, Houston, TX

Clowes Award Lecture - Erkki Ruoslahti
La Jolla Cancer Research Foundation, La Jolla, CA

Rosenthal Award Lecture - Carlo M. Croce
Fels Institute for Cancer Research and Molecular Biology, Philadelphia, PA

Rhoads Award Lecture - Ronald M. Evans
Salk Institute for Biological Studies, San Diego, CA

Sessions of Preferred Papers
Post-Meeting Workshops
Saturday, May 25

FEES
Member Registration $80
Nonmember Registration $140
Pre-doctoral and Associate Member Registration $40
Workshop Registration $20

Employment Register
Candidates: AACR Members $10
Nonmembers $25

Satellite Meeting
The Molecular Basis of Tumor Immunology
Program Committee: Tad. M. Milh, Charles, Lloyd J. Old, Ellen S. Vogt
May 20-22 Sheraton Boston Hotel, Boston, MA

Publications
The Proceedings of the American Association for Cancer Research contains all abstracts deemed acceptable by the Program Committee and extended abstracts of symposium presentations and special lectures. The proceedings are received by all subscribers to the Journal Cancer Research and Cell Growth & Differentiation, or by request at the time of registration for $25.

Special Section of the Annual Meeting of the American Association for Cancer Research is included in the registration fee.

Travel Awards for Young Investigators
Upjohn Awards
For presenters of meritorious abstracts as selected by the Program Committee. No formal application necessary. Predoctoral students, postdoctoral fellows, and physicians in training are eligible. Upjohn Company sponsors awards to investigators in North America. Upjohn International, Inc., to investigators in other countries.

Comprehensive Minority Biomedical Program of the National Cancer Institute
For predoctoral students, postdoctoral fellows, or physicians in training in the U.S. and Canada from minority groups that have been traditionally underrepresented in cancer research.

WICR Session
NIH Grant: What You Need to Know
A special session organized by Women in Cancer Research open to all registrants at the AACR Meeting.
