**AMERICAN CANCER SOCIETY CALL FOR GRANT AP-
PLICATIONS—NUTRITION AND CANCER**

The American Cancer Society is accepting applications from Cancer Centers and other academic institutions for its Special Institutional Grants on Nutrition and Cancer (SIG) Program. The purpose of the program is to stimulate interdisciplinary research on the role of nutrition in cancer. Emphasis is placed on laboratory and epidemiological studies that will identify dietary patterns and factors that may cause or prevent cancer.

The program is limited to a maximum of two new grant awards per year, and only one Special Institutional Grant will be awarded per institution. Recipient institutions will be funded for periods of up to five years. The maximum award is \$200,000 per year, including 25% indirect costs.

The deadline for receipt of applications is March 15, 1991, for grants to be funded beginning January 1, 1992. Additional information can be obtained from the Research Department, American Cancer Society, Inc., 1599 Clifton Road NE, Atlanta, GA 30329. Potential applicants should contact Dr. Dawn Willis, Scientific Program Director for the SIG program, at (404) 329-7554, for application forms and guidance in preparation of the application.
