BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Members of the AACR enjoy the following benefits:

1. subscriptions to the journals Cancer Research and Cell Growth & Differentiation at the reduced member rate;
2. the privilege of sponsoring an abstract for presentation at the AACR annual meeting;
3. an advance copy of the Program and Proceedings pertaining to each annual meeting;
4. a reduced registration rate at all scientific meetings;
5. early notification of events in the AACR’s series of special conferences;
6. subscriptions to any future AACR journals at reduced member rates;
7. reduced rates for the AACR Employment Register;
8. the benefit of AACR’s public education activities;
9. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas, and who have conducted two years of meritorious research that has resulted in publications relevant to cancer. If a candidate is working in a research area not directly related to the cancer field but has conducted research of exceptional scientific merit, he or she may also qualify for membership. Corresponding membership is open to qualified persons who are not residents of the Americas. The requirements for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin soon after submitting their applications should apply for corresponding membership. All other individuals should apply for active membership and transfer to corresponding status at a later date if they should leave the Americas.

PROCEDURES FOR APPLICATION

There are three deadlines for receipt of a membership application: March 1, July 1, and October 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>March 1</td>
<td>May</td>
</tr>
<tr>
<td>July 1</td>
<td>September</td>
</tr>
<tr>
<td>October 1</td>
<td>December</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical standards.—OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter).—OR—The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
620 Chestnut St.
Suite 816
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for a subscription to at least one of the AACR’s publications. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research or Cell Growth & Differentiation at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year’s membership dues are paid in full.

All corresponding members elected after May 23, 1985, are required to pay an annual assessment in lieu of dues. This assessment, which is equivalent to that portion of the regular dues that pertains to support of activities other than publications, is imposed to defray the cost of sending AACR publications to members outside the Americas. Corresponding members may, if they wish, subscribe to Cancer Research or Cell Growth & Differentiation at the reduced member rate.

Applicants elected in May will be responsible for payment of that year’s dues; applicants elected in September and December will pay dues in the following year. Applicants elected in May and September will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in December.

Margaret Foti
Executive Director
AMERICAN ASSOCIATION FOR CANCER RESEARCH, INC.
Public Ledger Building
620 Chestnut St.
Suite 816
Philadelphia, PA 19106

CANDIDATE NOMINATED BY: ___________________________ (Please type or print) CANDIDATE SECONDED BY: ___________________________ (Please type or print)

STATEMENT OF SUPPORT (in place of letters of recommendation)

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? _____ years
Will the candidate make a long-term contribution to cancer research? _____ Yes _____ No
Does the candidate’s research adhere to accepted ethical standards? _____ Yes _____ No
I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator * ___________________________ Date ___________________________

Signature of seconder ___________________________ Date ___________________________

See Guidelines for Application on the reverse side of this form for further instructions.

* Nominators must be active, emeritus, or honorary members of the AACR.

(This form may be reproduced.)
QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (in this instance, the active member who cosigns the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to postdoctoral students);
4. preferred access to the AACR Employment Register;
5. an optional subscription to the journal Cancer Research at the reduced member rate;
6. subscriptions to any future AACR journals at reduced member rates;
7. early notification of events in the AACR's new series of small scientific meetings on timely scientific topics;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of $20, which represents one year's dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $20 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut St.
Suite 816
Philadelphia, PA 19106
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1991 have been set at $20 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1990 for the forthcoming annual meeting must have paid dues for 1990. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's current registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance on or before January 1 of that year. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1990 may retain associate membership until December 31, 1994. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

Margaret Foti,
Executive Director

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: __________________________________________ Date: ____________________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator: __________________________________________ Date: ____________________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check for $20 in U.S. funds made payable to AACR, Inc. and drawn on a U.S. bank. Check one of the following boxes only if this form is being submitted between September 1 and December 31:

The enclosed dues payment should be applied to the

☐ current ☐ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

(This form may be reproduced.)
Guidelines for Submitting Disks to American Association for Cancer Research Publications

The word processing packages that we prefer are as follows:

- XyWrite III Plus (for the IBM)
- WordPerfect 4.2, 5.0, 5.1 (for the IBM)
- Wordstar (for the IBM)
- Microsoft Word (for the IBM)
- Wang OIS (WPS)

Also acceptable:

- Apple II DOS 3.3
- Apple with Appleworks Software
- Apple III Plus DOS 3.3
- Apple Macintosh 400K Disc/
  MacWrite 2.2 (text)
- Apple Macintosh Plus 800K Disc/
  MacWrite 4.5 (text)
- CPT 8000
- DEC WPS-8
- DEC Decmate II
- DEC Decmate III
- Display Write 3
- Display Write 4
- IBM Displaywriter Word Processor 6580
- Lanier Business One Step
- Lanier No Problem
- Lanier Super No Problem
- MASS-11 PC
- Microsoft Word Macintosh
  (Versions 1–4) 400/800K
- Multimate
- PC Write
- PFS Professional Write
- Volkswriter 4.0
- Wordstar 2000

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. Authors are encouraged to submit electronic disks of their manuscripts along with the typed manuscript. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: __________________________________________
Name of computer used (e.g., IBM/PS2): ______________________________________
Operating system and version (e.g., DOS 3.3): _________________________________
Word processing program and version (e.g., WordPerfect 5.0): ____________________
[See reverse for acceptable programs.]

CAN 121 Minisymposium Biology 5: Negative Growth Factors I (Three cassettes) $34.50
CAN 122 Minisymposium Epidemiology 1: Molecular Epidemiological Studies of Cancer (Three cassettes) $34.50
CAN 123 Presidential Address: Molecular Oncology—A Bridge Between Basic Science, Cancer Prevention, and Treatment (T. Bernard Weinstein) (One cassette) $11.50
CAN 124 Annual Business Meeting $11.50
CAN 125 Meet the Expert Sunrise Session: Tumor Promotion: A Trivial Process with a Very Sophisticated Molecular Basis (Stuart H. Yaspal) (One cassette) $11.50
CAN 126 Minisymposium Preclinical Pharmacology/Experimental Therapeutics 17: Resistance to Platinum and Alkylating Agents (Three cassettes) $34.50
CAN 127 Minisymposium Immunology 9: Cytolytic Effectors in Cancer Immunotherapy (Three cassettes) $34.50
CAN 128 Minisymposium Carcinogenesis 11: Dietary Factors in Carcinogenesis (Three cassettes) $34.50
CAN 129 Symposium 10: Molecular Epidemiology $23.00
CAN 130 Symposium 11: Current Status of the Human Genome Project (Two cassettes) $23.00
CAN 131 Symposium 12: Clonal Evolution in Cancer (Two cassettes) $23.00
CAN 132 Thirty-First G.H.A. Clowes Memorial Award Lecture: The Ways of ras (Michael H. Wigler) (One cassette) $11.50
CAN 133 Symposium 13: Drug Delivery Systems (Two cassettes) $23.00
CAN 134 Minisymposium Immunology 11: Cytokine Modulation of Tumor Growth (Three cassettes) $34.50
CAN 135 Minisymposium Clinical Investigations 6: Biological Therapies (Three cassettes) $34.50
CAN 136 Minisymposium Biochemistry 6: Repair of DNA Damage (Three cassettes) $34.50
CAN 137 Minisymposium Carcinogenesis 15: Sequence Specific Factors in Mutagenesis and Carcinogenesis (Three cassettes) $34.50
CAN 138 Plenary Session 1: Molecular Mechanisms of Tumor Suppressor Genes and Oncogenes (Two cassettes) $23.00
CAN 139 Tenth Cain Memorial Award Lecture: Future Opportunities for Clinical Use of Retinoids and TGF-β (Michael B. Sporn) (One cassette) $11.50
CAN 140 Meet the Expert Sunrise Session: Tumor Immunology: Is There a Future? (Margaret L. Kripke) (One cassette) $11.50
CAN 141 Minisymposium Preclinical Pharmacology/Experimental Therapeutics 28: P-Glycoprotein: Structure, Function, and Clinical Implications (Three cassettes) $34.50
CAN 142 Minisymposium Molecular Biology/Virology 10: Oncogenes IV (Three cassettes) $34.50
CAN 143 Minisymposium Clinical Investigations 9: Autologous Marrow Transplantation and Colony Stimulating Factors (Three cassettes) $34.50
CAN 144 Minisymposium Biology 14: Cell Adhesion and Metastasis (Three cassettes) $34.50
CAN 145 Minisymposium Carcinogenesis 18: Cell Transformation (Three cassettes) $34.50
CAN 146 Symposium 14: Tumor Vaccines and Active Immunotherapy (Three cassettes) $34.50
CAN 147 Plenary Session 2: Protooncogenes and Tumor Suppressor Genes: Development and Cancer (Two cassettes) $23.00
CAN 148 The Fifteenth Richard and Hinda Rosenthal Foundation Award Lecture: Role of the BCR-ABL Oncogene in Human Leukemia (Owen N. Witte) (One cassette) $11.50
CAN 149 Plenary Session 3: Molecular Pathogenesis of Lung Cancer (Two cassettes) $23.00
CAN 150 Minisymposium Preclinical Pharmacology/Experimental Therapeutics 32: DNA Topoisomerase Inhibitors (Three cassettes) $34.50
CAN 151 Minisymposium Endocrinology 4: Endocrine, Autocrine, and Paracrine Growth Factors (Three cassettes) $34.50
CAN 152 Minisymposium Biochemistry 7: Cell Adhesion (Three cassettes) $34.50
CAN 153 Joint ACR/ASCO Session: Plenary Session 4: Genetic Changes in Cancer: Implications for Diagnosis and Treatment in the 1990s (Two cassettes) $23.00

SEE OTHER SIDE FOR ORDER FORM
27th ANNUAL MEETING OF THE
AMERICAN SOCIETY OF CLINICAL ONCOLOGY
Held May 19-21, 1991 in Houston, Texas

☐ CO 101  (S1) Breast Cancer Consensus Conference
   $11.50 (One cassette)
☐ CO 102  (S2) Ductal Carcinoma-in-Situ (DCIS) —
   $11.50 The New Dilemma (One cassette)
☐ CO 103  (S3) Clinical Implications of the Biology
   $11.50 of Colorectal Cancer (One cassette)
☐ CO 104  (S4) Brain Tumors
   $11.50 (One cassette)
☐ CO 105  (S5) Bladder Cancer
   $11.50 (One cassette)
☐ CO 106  (S6) Current Issues in Head and Neck Oncology
   $11.50 (One cassette)
☐ CO 107  (S7) Prevention of Melanoma and Lung Cancer
   $11.50 (One cassette)
☐ CO 108  (S8) New Developments in the Biology and
   $11.50 Treatment of Sarcomas in Children (One cassette)
☐ CO 109  (S9) A New Look at the Biology and Therapy of
   $23.00 Chronic Myelogenous Leukemia (Two cassettes)
☐ CO 110  (S10) Non-Hodgkin's Lymphoma
   $11.50 (One cassette)
☐ CO 111  (S11) Radiology Oncology, New Areas
   $11.50 (One cassette)
☐ CO 112  (S12) Novel Targets for Cancer Therapy
   $11.50 (One cassette)
☐ CO 113  (S13) Growth Factors
   $11.50 (One cassette)
☐ CO 114  (S14) Cancer Treatment in Pregnant Women
   $11.50 (One cassette)
☐ CO 115  (S15) Cancer in the Socioeconomically Disadvantaged
   $11.50 (One cassette)
☐ CO 116  (S16) National Health Care Issues for Oncologists
   $11.50 (One cassette)
☐ CO 117  Adult and Pediatric Leukemia
   $34.50 (Three cassettes)
☐ CO 118  AIDS/Quality of Life/Supportive Care
   $34.50 (Three cassettes)
☐ CO 119  Clinical Pharmacology
   $34.50 (Three cassettes)
☐ CO 120  Lung Cancer
   $23.00 (Two cassettes)
☐ CO 121  Adult Solid Tumors (Melanoma/Sarcoma/CNS)
   $23.00 (Two cassettes)
☐ CO 122  Presidential Address
   $11.50 [Harvey M. Golomb, M.D.] (One cassette)
☐ CO 123  Twenty-second Annual David A. Karnofsky Memorial
   $11.50 Lecture: Approaches to the Immunotherapy
   & Gene Therapy of Cancer
   [Steven A. Rosenberg, M.D.] (One cassette)
☐ CO 124  Plenary Session
   $23.00 (Two cassettes)
☐ CO 125  Breast Cancer
   $34.50 (Three cassettes)
☐ CO 126  Genitourinary Tract Cancer
   $34.50 (Three cassettes)
☐ CO 127  Pediatric Solid Tumors
   $34.50 (Three cassettes)
☐ CO 129  Head and Neck Cancer/Gastrointestinal Tract
   $11.50 Cancer: Session I (One cassette)
☐ CO 130  Head and Neck Cancer/Gastrointestinal Tract
   $23.00 Cancer: Session II (Two cassettes)
☐ CO 132  Adult and Pediatric Lymphoma
   $23.00 (Two cassettes)

SPECIAL OFFER:
Order all 16 Symposia & Special Interest Topic
Sessions (CO 101-116) and SAVE 10% — $175.95
(Regular Price $195.50)

DISCOUNTS:
1-5 tapes ........................................ $11.50 Each
6-11 tapes ...................................... 5% Discount
12-24 tapes ..................................... 10% Discount
25-48 tapes ..................................... 15% Discount
49 or more tapes .............................. 20% Discount

How To Order: Check desired cassettes. Fill in information below. Mail order to Teach'em, Inc., 160 E. Illinois, Chicago, IL 60611.
Or call Toll Free: 1-800-225-3775.

Amount of Order (Illinois residents add 9% sales tax) $.................. Please Indicate:
Foreign Country: Add $2 per tape outside U.S. $..................
Shipping and Handling: Add $1 per tape/$10 maximum $..................
Total $..................

Please Print.

Institution................................. Telephone No........................
Address (No P.O. Boxes Please).............. City......................... State........... Zip..............

Signature........................................

The Molecular Biology Journal of the American Association for Cancer Research

SCOPE
- Original in vitro and in vivo studies of mechanisms underlying normal and abnormal cell behavior and cell growth control
- Research Capsules: updates of changing concepts in the field
- Viewpoints: comments on published articles

FROM RECENT ISSUES
Posttranscriptional Down-Regulation of Fibronectin in N-ras-transformed Cells
Lois L. Chandler and Suzanne Bourgeois
Platelet-derived Growth Factor Receptor Sequences Important for Binding of SRC Family Tyrosine Kinases
S. Courtenide, R. Kypka, T. Cooper, A. Kazlauskas
Interaction of HIV-1 Rev Protein with Nuclear Scaffold NTPase Activity
G. Clauson, Y-L. Song, A. Schwartz, R. Shubka, S. Patel, L. Connor, L. Blankenship, C. Hatem, A. Kumar
Developmental Expression of the Embryonic Chicken Brain DNA Polymerase-alpha and Its Binding with Monoclonal Antibodies against Human KB Cell DNA Polymerase-alpha
S. Ray, T. Kelley, S. Campion, A-P. Seve, S. Basu
PKC Activation and Protooncogene Expression in Differentiation/Retrodifferentiation of Human U-937 Leukemia Cells
Release of H2O2 and Phosphorylation of 30 kDa Proteins as Early Responses of Cell-Cycle-Dependent Inhibition of DNA Synthesis by TGF-beta
M. Shibamura, T. Kuroki, K. Nose

Research Capsules
Cyclins: Wheels within Wheels
J. Pines
Joints in the Regulatory Lattice: Composite Regulation by Steroid Receptor-API Complexes
J. Miner, M. Diamond, M. Yamamoto

A DISTINGUISHED EDITORIAL BOARD

Expanded to provide added coverage of cell differentiation and growth factors

George F. Vande Woude, Ph.D.
Editor-in-Chief

MOLECULAR ONCOLOGY AS A BASIS FOR NEW STRATEGIES IN CANCER THERAPY

Second Joint Conference of the American Association for Cancer Research and the Japanese Cancer Association
Sheraton Waikiki Hotel, Honolulu, HI
February 10-14, 1992

SCIENTIFIC PROGRAM COMMITTEE

Keynote Addresses
TAKASHI SUGIMURA / Tokyo
BRUCE A. CHABNER / Bethesda

Oncogenes and Tumor Suppressor Genes
ANNA MARIE SKALKA / Philadelphia
KUMAO TOYOSHIMA / Osaka
CURTIS C. HARRIS / Bethesda
HIROTO OKAYAMA / Osaka
EDWARD HARLOW / Charlestown
TADASHI YAMAMOTO / Tokyo
SUSUMU NISHIMURA / Tokyo
JACKSON B. GIBBS / West Point
YUSUKE NAKAMURA / Tokyo

Growth Factors, Cytokines, and Receptors
YOJI IKAWA / Tsukuba
TOSHIKO HIROTA / Osaka
JOSEPH SCHLESSINGER / New York
TOSHIKAZU NAKAMURA / Fukuoka

The Cell Surface, Signal Transduction, and Chemoprevention
ELLEN S. VITETTA / Dallas
TOSHIKO KUROKI / Tokyo
L. BERNARD WEINSTEIN / New York
KATSUHIKO MIKOSHIBA / Osaka
MINAKO NAGAO / Tokyo
SHOICHRO TSUKITA / Okasaki
WAUN KI HONG / Houston

Recent Advances in Chemotherapy and Drug Resistance
ENRICO MIHICH / Buffalo
MESANORI SHIMOYAMA / Tokyo
KURT W. KORN / Bethesda
JUDAH M. FOLKMAN / Boston
MICHAEL M. GOTTESMAN / Bethesda
TAKASHI TSURUO / Tokyo
SUSAN BAND HORWITZ / New York
HIROSHI MAEDA / Kumamoto

Molecular Targeting Approaches
V. CRAIG JORDAN / Madison
YOSHITOSHI HASHIMOTO / Tottori
TERUMIHO BEPPU / Tokyo
SHIN TONEHARA / Tokyo
PAUL S. MILLER / Baltimore
JOSEPH R. BERTINO / New York
TOSHIKO TAKAHASHI / Kyoto

Molecular Genetics, Models, and Strategies
MICHAEL BLAEESE / Bethesda
FUMIMARU TAKAKU / Tokyo
YOSHIHIDE HAYASHI / Osaka
KUNITADA SHIMOTOHNO / Tokyo
TAKAO SEKIYA / Tokyo
MOTOYA KATSUKI / Ichihara
ARGIRIS ESPOSITO / New York

Overview and Summaries
YUNG-CHI CHENG / New Haven

Scientists are encouraged to submit abstracts of papers for consideration for poster sessions. Persons in the Americas and countries other than Japan may obtain additional information from the AACR Office.
