AMERICAN ASSOCIATION FOR CANCER RESEARCH
1994 EMPLOYMENT REGISTER FORMS AND INSTRUCTIONS

INTRODUCTION

The AACR’s Employment Register is intended to attract young scientists to the Association, increase interest in AACR programs, and provide a valuable service to all cancer researchers, both senior and junior investigators.

The AACR had operated a limited Employment Register since 1983 with a fee structure that permitted only the listing of positions and candidates at the annual meeting. Beginning in 1988, AACR Staff scheduled interviews at the annual meeting, and brief advertisements describing available candidates and positions were published in the Proceedings of the American Association for Cancer Research and in two issues of Cancer Research. These services will be continued in 1994. Registration forms for the 1994 Employment Register can be found on the following pages. Fees have been set at the following levels:

Each candidate registration
- by an AACR member $10
- by a nonmember $25

Each position listing
- by an AACR member from a nonprofit or governmental organization $75
- by a nonmember from a nonprofit or governmental organization $125
- by a commercial organization $275
($225 for companies participating in the 1994 AACR Exhibit Show)

INSTRUCTIONS FOR CANDIDATES

1. Supply all information requested on the attached candidate registration form.
2. Type a short description of your background and the position you are seeking in the 5” X 1¼” box provided. Do not include your name; the AACR will assign identification numbers to all candidate listings. Please type carefully: this description will be reproduced as described in the section below entitled PUBLICATION OF LISTINGS.
3. Enclose the original form plus 1 copy.
4. Enclose appropriate payment:
   a. $10 from AACR members
   b. $25 from nonmembers
5. Checks should be issued in U.S. dollars, drawn on a U.S. bank, and made payable to AACR, Inc.
6. Forms should be submitted by December 20, 1993, to ensure publication of listings in the Proceedings. However, candidate registration forms will continue to be accepted in the Association Office until March 11, 1994. After that date forms should be submitted at the annual meeting.
7. Mail all candidate registration forms to:
   Employment Register
   American Association for Cancer Research, Inc.
   Public Ledger Building
   620 Chestnut Street, Suite 816
   Philadelphia, PA 19106-3483

INSTRUCTIONS FOR EMPLOYERS

1. Complete a separate position listing form for each position available and supply all information requested.
2. Type a short description of the position available in the 5” X 1¼” box provided. Please type carefully; this description will be reproduced as described in the section below entitled PUBLICATION OF LISTINGS.
3. Enclose the original form plus 1 copy.
4. Enclose appropriate payment for each position listed:
   a. $75 from AACR members in nonprofit or governmental organizations,
   b. $125 from nonmembers in nonprofit or governmental organizations,
   c. $275 from commercial firms ($225 from firms participating in the 1994 AACR Exhibit Show).
5. Checks should be issued in U.S. dollars, drawn on a U.S. bank, and made payable to AACR, Inc.
6. Forms should be submitted by December 20, 1993, to ensure publication of listings in the Proceedings. However, position listing forms will continue to be accepted in the Association Office until March 11, 1994. After that date forms should be submitted at the annual meeting.
7. Mail all position listing forms to:
   Employment Register
   American Association for Cancer Research, Inc.
   Public Ledger Building
   620 Chestnut Street, Suite 816
   Philadelphia, PA 19106-3483

SCHEDULING OF INTERVIEWS

The AACR will set aside space at the annual meeting for interviews which will be scheduled at mutually agreeable times during the following hours: Sunday, Monday, and Tuesday, April 10-12, from 8:00 a.m. to 5:00 p.m., and Wednesday, April 13, from 9:00 a.m. to 1:00 p.m. Each candidate and employer will receive an identification number. Registrants who submit their forms and fees by March 11, 1994, will receive an acknowledgment card which contains their identification number.

PUBLICATION OF LISTINGS

Short advertisements describing each candidate and position listing will be published in Volume 35 (1994) of the Proceedings of the American Association for Cancer Research and in the July 1, September 1, and November 1, 1994, issues of Cancer Research. The attached forms contain space for copy for these advertisements. Please type carefully to ensure accurate reproduction of your advertisement. Your copy must not exceed the limits of the box because space for these advertisements is limited. Advertisements for available positions should contain the name and address of the person conducting the job search, and candidates will be able to communicate with that person directly. Candidate advertisements will be anonymous. The AACR will send the candidate’s complete form via first-class mail to any registered employer who requests it. The employer must bear the cost of receiving candidate forms in any manner other than first-class mail.

As noted above, because of the early publication date of the Proceedings, forms must be received by December 20, 1993, to ensure publication in that document. However, all advertisements submitted before or during he meeting will be published in the three issues of Cancer Research. Registrants wishing to withdraw their advertisements must submit written requests to that effect to the Association Office by May 16, 1994, for the July 1 issue; July 15, 1994, for the September 1 issue; and September 15, 1994, for the November 1 issue. All participants in the Employment Register are urged to notify the Association immediately of any change in their status so that all listings will remain current.

FURTHER INFORMATION

Questions about the Employment Register may be directed to the Association Office at 215-440-9300.

CANDIDATE IS APPLYING FOR (Check one): 
☐ ACTIVE 
☐ CORRESPONDING 
☐ MEMBERSHIP 

STATEMENT OF SUPPORT (in place of letters of recommendation) 
Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section: 

How long has the candidate worked in the field of cancer research? ____ years 
Will the candidate make a long-term contribution to cancer research? ____ Yes ____ No 
Does the candidate's research adhere to accepted ethical standards? ____ Yes ____ No 
I therefore recommend this candidate for membership in the American Association for Cancer Research. 

Signature of nominator* Date 

Signature of seconder* Date 

See Guidelines for Application on the reverse side of this form for further instructions. 

*Both nominator and seconder must be active, corresponding, emeritus, or honorary members of the AACR. 

(This form may be reproduced.)
QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a paper for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association’s high-quality journals Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR’s series of special conferences on timely subjects in the field;
7. reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year’s dues payment must accompany the application. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $30 or $40 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1993 and 1994 have been set at $30 per year for residents of the Americas and $40 for residents of other countries. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in October 1993 for the forthcoming annual meeting must have paid dues for 1993. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member’s subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member’s current registrar, dean, or department head, verifying the member’s current academic status. The Association’s By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1993 may retain associate membership until December 31, 1997. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

CANDIDATE NOMINATED BY: ____________________ (Please type or print name of AACR active member in good standing.)

SIGNATURES
I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ____________________ Date: ____________________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ____________________ Date: ____________________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:
The enclosed dues payment should be applied to the □ current □ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

Signature ____________________________

**THE DEADLINE FOR REDUCED REGISTRATION FEES IS FEBRUARY 18, 1994.** Registration by mail will be accepted until March 11. Registration will also be available at the Moscone Center from April 9-13.

*Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate unless they are Associate Members of the AACR. An application for Associate Membership may accompany this form, but these should be submitted well before the February 18 deadline, as review of the Associate Membership application may delay registration.

+AACR members with paid-up subscriptions to an AACR journal and registrants who pay the nonmember fee receive the *Proceedings* automatically. If these members or nonmembers check this box and pay the $35 fee, they will receive an additional copy of the *Proceedings*.

Optional payment for registrants outside of the U.S. and Canada only. Registrants paying this surcharge will receive meeting publications via airmail--printed matter before the annual meeting.

Mail all advance registration forms with applicable fees to Annual Meeting Registration, American Association for Cancer Research, Inc., Public Ledger Building, 620 Chestnut Street, Suite 816, Philadelphia, PA 19106-3483. FAX: 215-440-8313. Badges and receipts will be sent to you in March. AACR members in good standing will receive copies of the Program and *Proceedings* prior to the meeting. Nonmember and student registrants who meet the February 18 deadline will also receive the Program and (if they have purchased it) the *Proceedings* prior to the meeting. Nonmembers and students who do not meet the deadline must pick up publications at the meeting site.

**REFUND POLICY**

Refunds on registration fees will be granted on written request received in the AACR Office by April 4, 1994. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACR Office with the refund request. A cancellation fee of $25 will be deducted from all refunds to cover administrative costs.

- PFS Professional Write
- Volkswriter 4.0

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author’s name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: ________________________________
Name of computer used (e.g., IBM/PS2): ________________________________
Operating system and version (e.g., DOS 3.3): ________________________________
Word processing program and version (e.g., WordPerfect 5.0): ________________________________
[See reverse for acceptable programs.]

Manuscript number: ________________________________
First author: ________________________________
Corresponding author (if different from first author): ________________________________
Telephone/FAX numbers: ________________________________

This form (both sides) may be reproduced.
AN AACR SPECIAL CONFERENCE IN CANCER RESEARCH

GROWTH FACTORS, DEVELOPMENT, AND CANCER
Co-Sponsored by the Friedrich Miescher-Institut

March 5-11, 1994
Congress Center, Interlaken, Switzerland

Supported in Part by a Generous Grant
from the Swiss Cancer League

CONFERENCE CHAIRPERSONS
Harold L. Moses / Nashville, TN
Bernd Groner / Basel, Switzerland

PROGRAM COMMITTEE
Max M. Burger / Basel, Switzerland
Tom Curran / Nutley, NJ
Rik Derynck / San Francisco, CA
Nancy E. Hynes / Basel, Switzerland
Jean-Pierre Mach / Epalinges, Switzerland
Lynn M. Matrisian / Nashville, TN
John Mendelsohn / New York, NY

SCIENTIFIC PROGRAM

Special Lectures
Harald zur Hausen / Heidelberg, Germany
Walter J. Gehring / Basel, Switzerland

Tumor Suppressor Genes
Stephen H. Friend / Cambridge, MA
Bernard M. Me切尔 / Heidelberg, Germany
David P. Lane / Dundee, Scotland

Positive and Negative Growth Factors and
Their Receptors
Rik Derynck / San Francisco, CA
Joseph Yarden / Rehovot, Israel
Harold L. Moses / Nashville, TN
Nancy E. Hynes / Basel, Switzerland

Cell-Cell Interactions
Peter Herrlich / Eggenstein, Germany
Walter Birchmeier / Essen, Germany
Patricia S. Steeg / Bethesda, MD
Rudolph L. Juliano/ Chapel Hill, NC

Receptor-Associated Kinases and
Phosphatases
Anthony J. Pawson / Toronto, Canada
Sara A. Courtneidge / Heidelberg, Germany
Benjamin G. Neel / Boston, MA
Ernst Hafen / Zurich, Switzerland

Cell-Matrix Interactions and Proteases
Jean Paul Thiery / Paris, France
Ruth Chiquet-Ehrismann / Basel, Switzerland
Lynn M. Matrisian / Nashville, TN

Signal Transduction Including Targets for
Therapy
George Thomas / Basel, Switzerland
Ulf R. Rapp / Frederick, MD
Frank P. McCormick / Richmond, CA

Targeted Therapy Including Immunotherapy
John Mendelsohn / New York, NY
Bernd Groner / Basel, Switzerland
Michael Blease / Bethesda, MD
Cornelius J.M. Melief / Leiden, The Netherlands

Transcription Factors and Homeobox Genes
Tom Curran / Nutley, NJ
Robert Eisenman / Seattle, WA
Frits Meijlink / Utrecht, The Netherlands

Keep up with the latest developments in

Cancer Research

The Official Journal of the American Association for Cancer Research

Carlo M. Croce, M.D., Editor-in-Chief

Subscribe to Cancer Research—the leading citation source of original studies in cancer research and cancer-related biomedical science. Issued semimonthly, Cancer Research publishes 7,000 pages of important research each year, including the following regular features:

- **The most up-to-date articles** in basic research and clinical and epidemiological investigations by authors from the United States and more than 30 countries
- **Perspectives in Cancer Research**, in which leading investigators explore contemporary and at times controversial topics
- **Advances in Brief**, a rapid communication category for short but definitive, highly significant reports
- **Supplemental issues** developed from symposia or relevant subjects
- **Proceedings of the American Association for Cancer Research**, a special annual issue that offers stimulating new research ideas in abstract form

Cancer Research

The Most Highly Cited Journal In Its Field
CANCER: PERTURBATIONS IN CELL CYCLE CONTROL AND GENOMIC INTEGRITY

An AACR Special Conference in Cancer Research
Co-Sponsored by the National Cancer Institute of Canada

February 19-24, 1994
Banff Springs Hotel
Banff, Alberta, Canada

CONFERENCE CHAIRPERSONS
Thea D. Tlsty / Chapel Hill, NC
Lawrence A. Loeb / Seattle, WA

PROGRAM COMMITTEE
Philippe Gros / Montreal, Canada  Michael Smith / Vancouver, Canada

SCIENTIFIC PROGRAM

Keynote Address
Manfred Eigen / Gottingen, Germany

Modulators of Growth and Development
J. Michael Bishop / San Francisco, CA
Harold Weintraub / Seattle, WA
Tom Curran / Nutley, NJ

Tumor Suppressor Genes
Carol L. Prives / New York, NY
Mary Claire King / Berkeley, CA

Endogenous Sources of DNA Damage
Lawrence A. Loeb / Seattle, WA
Tomas Lindahl / Herts, England
Curtis C. Harris / Bethesda, MD
Miroslav Radman / Paris, France

Responses to DNA Damage
Albert J. Formace, Jr. / Bethesda, MD
Michael B. Kastan / Baltimore, MD
Sara Lavi / Tel Aviv, Israel

Controls on Genomic Integrity
Thea D. Tlsty / Chapel Hill, NC
Joyce L. Hamlin / Charlottesville, VA
Carol W. Greider / Cold Spring Harbor, NY
Randal N. Johnston / Calgary, Canada

Genetic Integrity and Carcinogenesis
Takashi Sugimura / Tokyo, Japan
Joe W. Gray / San Francisco, CA
Glenna Burmer / Seattle, WA

Cell Cycle
Robert A. Weinberg / Cambridge, MA
Jean Y. J. Wang / La Jolla, CA

Terminal Arrest
J. Carl Barrett / Research Triangle Park, NC
Judith Campisi / Berkeley, CA
Eileen White / Piscataway, NJ

Applicants are encouraged to submit abstracts for poster presentation.

Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans. The following topics are of special interest: descriptive, analytical, biochemical and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention.

Particular attention is given to the identification of factors associated with various aspects of the carcinogenic process, including genetic susceptibility, host factors, infectious agents, chemical and physical carcinogens, environmental contaminants, dietary components and behavioral factors such as tobacco use and sun exposure.

INVITATION TO AUTHORS

Significant, original research meeting the highest scientific standards is invited for submission.

For more information, contact: Dr. Pelayo Correa, Editor-in-Chief (504) 529-2848, FAX (504) 529-2849.

• Rapid review process expedited by FAX transmission
• Prompt publication of accepted papers
• Indexed by Chemical Abstracts, Current Contents/Citation Index, Index Medicus, and MEDLINE.

PLENARY SESSION
The Biological and Clinical Roles of Genetic Markers (Karen S. H. Antman)

SYMPOSIA
Genetic Basis for Tumor Cell Sensitivity to Radiation (John B. Little)
Recent Advances in Environmental Carcinogenesis (Paul Kleihues and Kenneth Olden)
Basic Science Approaches to Breast Cancer (Mina J. Bissell)
Programmed Cell Death (Stanley J. Korsmeyer)
Basic and Clinical Aspects of Prostate Cancer (Donald S. Coffey)
Tumor Suppresser Genes and Cell Cycle Control (Michael B. Kastan)
Retinoids and Cancer (Lorraine J. Gudas)
Solid Tumor Physiology and Therapeutic Approaches (Beverly A. Teicher)
Potential Applications of Advances in Cell and Molecular Biology to New Therapies for Lung Cancer (John D. Minna)
Hematological Malignancies: Biology and Therapy (Riccardo Dalla-Favera)
Hormonal Carcinogenesis: Epidemiological and Mechanistic Studies (Barbara S. Hulka and Joachim G. Liehr)
Signal Transduction and Cancer (Joseph Schlessinger)
Cell Adhesion in Invasion and Metastasis
New Approaches to Cancer Immunotherapy (Olivera J. Finn)
Genetic Imprinting and Its Role in Cancer (Andrew P. Feinberg)
AIDS-associated Malignancies (Alexandra Levine)
Topoisomerase I Inhibitors: Molecules to Medicine (Randall K. Johnson)
Integration of Cytokines and Radiation: Biological Basis and Preliminary Clinical Trials (Zvi Fuks)
Pharmacogenetics: Role of Drug Metabolism Polymorphisms in Cancer Chemotherapy (Frank J. Gonzalez)
Intermediate Endpoints in Cancer Prevention (Gary Kellogg)
Transcriptional Control of Cell Proliferation and Differentiation (Robert Eisenman)
Conducting Cancer Research Among Minority Populations in the United States (Jose Russo)
New Strategies for Immunological Intervention (Hans Schreiber and You Hui Zhang)
Mechanisms and Circumvention of Drug Resistance (Barton A. Kamen)
Nutrition and Cancer: Basic and Epidemiological Research (Walter C. Willett)
Novel Strategies in Chemical Prevention of Cancer (Paul Talalay)

WORKSHOPS
Confocal Microscopy and Quantitative Image Analysis
FISH and Flow Cytometry

CONTROVERSIES
Bone Marrow Transplantation
Is Multidrug Resistance an Important Factor in Therapeutic Outcome?
Diet and Cancer

MEET-THE-EXPERT SUNRISE SESSIONS
To Be Announced

**SCOPE**

*Cell Growth & Differentiation (CG&D)* publishes significant, original research on the molecular biology of cancer. Its scope encompasses *in vitro* and *in vivo* studies pertaining to normal and abnormal cellular processes. Topics include oncogenes and tumor suppressor genes, gene expression and regulation, transcription factors, growth factors and their receptors, molecular mechanisms of tumor progression, signal transduction, cell cycle, differentiation, and development.

*CG&D*'s distinguished, international Editorial Board has recently been expanded to cover this broad range of subjects even more comprehensively.

In addition to original investigations, *CG&D*'s format includes Research Capsules which summarize and update rapidly changing concepts in the field and a Viewpoints section for signed and anonymous write-in discussion of published articles.

**INVITATION TO AUTHORS**

Send manuscripts to Editorial Board member of your choice. For details about manuscript submission, contact:

Dr. George F. Vande Woude, Editor-in-Chief

- Average peer review time--2-3 weeks.
- Average time from acceptance to publication--10 weeks.
- Indexed by Chemical Abstracts, Current Contents, Index Medicus, MEDLINE, CancerLit, and BIOSIS Previews.
