AMERICAN ASSOCIATION FOR CANCER RESEARCH

GERTRUDE ELION CANCER RESEARCH AWARD

Supported by an Educational Grant from
Wellcome Oncology
Burroughs Wellcome Co.

• This Award was established in honor of Nobel Laureate Dr. Gertrude Elion, Scientist Emeritus at the Burroughs Wellcome Co. and Past President and current Honorary Member of the AACR.

• The Gertrude Elion Cancer Research Award is a one-year, $30,000 grant for a scientist engaged in meritorious basic or clinical research in cancer causation, prevention, or treatment at the level of Assistant Professor who has not yet received tenure.

• The AACR will reimburse the Awardee for travel to the Annual Meeting in Orlando, Florida, in May 1993, where Dr. Elion will personally present this Award.

Eligibility
Candidates must have completed postdoctoral studies or clinical fellowships not later than July 1, 1993, and ordinarily not more than five years earlier. A Candidate need not be a member of the AACR at the time of application, but must be nominated by a Member of the AACR. Associate Members may not be nominators.

Selection Process
Applications will be evaluated by a Committee consisting of AACR Members who are experts in basic and clinical cancer research. Complete applications must be submitted by April 9, 1993.

**AMERICAN ASSOCIATION FOR CANCER RESEARCH**

**GUIDELINES FOR APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP**

**BENEFITS OF MEMBERSHIP**

The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Members of the AACR enjoy the following benefits:

1. subscriptions to the journals *Cancer Research*, *Cell Growth & Differentiation*, and *Cancer Epidemiology, Biomarkers & Prevention* at the reduced member rate;
2. the privilege of sponsoring an abstract for presentation at the AACR annual meeting;
3. an advance copy of the Program and *Proceedings* pertaining to each annual meeting;
4. a reduced registration rate at all scientific meetings;
5. early notification of events in the AACR’s series of special conferences;
6. subscriptions to any future AACR journals at reduced member rates;
7. reduced rates for the AACR Employment Register;
8. the benefit of AACR’s public education activities;
9. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory.

**QUALIFICATIONS FOR MEMBERSHIP**

Active membership in the AACR is open to investigators who live in the Americas, and who have conducted two years of meritorious research that has resulted in publications relevant to cancer. If a candidate is working in a research area not directly related to the cancer field but has conducted research of exceptional scientific merit, he or she may also qualify for membership.

Corresponding membership is open to qualified persons who are not residents of the Americas. The requirements for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin soon after submitting their applications should apply for corresponding membership. All other individuals should apply for active membership and transfer to corresponding status at a later date if they should leave the Americas.

**PROCEDURES FOR APPLICATION**

There are three deadlines for receipt of a membership application: March 1, July 1, and October 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Membership Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application in AACR Office</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>March 1</td>
<td>May</td>
</tr>
<tr>
<td>July 1</td>
<td>September</td>
</tr>
<tr>
<td>October 1</td>
<td>December</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical standards.—OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter).—OR—The seconder may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
620 Chestnut St.
Suite 816
Philadelphia, PA 19106-3483
215/440-9300

**RESPONSIBILITIES OF MEMBERSHIP**

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for a subscription to at least one of the AACR’s publications. Newly elected members of the AACR who have already purchased subscriptions to *Cancer Research, Cell Growth & Differentiation*, or *Cancer Epidemiology, Biomarkers & Prevention* at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year’s membership dues are paid in full.

All corresponding members elected after May 23, 1985, are required to pay an annual assessment in lieu of dues. This assessment, which is equivalent to the amount of the regular dues, is imposed to defray the cost of sending AACR publications to members outside the Americas. Corresponding members may, if they wish, subscribe to *Cancer Research, Cell Growth & Differentiation*, or *Cancer Epidemiology, Biomarkers & Prevention* at the reduced member rate.

Applicants elected in May will be responsible for payment of that year’s dues; applicants elected in September and December will pay dues in the following year. Applicants elected in May and September will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in December.

Margaret Foti
Executive Director
APPLICATION FOR MEMBERSHIP

STATEMENT OF SUPPORT (in place of letters of recommendation)
Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? ___ years
Will the candidate make a long-term contribution to cancer research? ___ Yes ___ No
Does the candidate's research adhere to accepted ethical standards? ___ Yes ___ No
I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator* ___________________________ Date ___________________________
Signature of seconder* ___________________________ Date ___________________________

See Guidelines for Application on the reverse side of this form for further instructions.

* Both nominator and seconder must be active, emeritus, or honorary members of the AACR.

(This form may be reproduced.)
QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (In this instance, the active member who cosigns the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the journals Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the reduced member rate;
6. subscriptions to any future AACR journals at reduced member rates;
7. early notification of events in the AACR’s new series of small scientific meetings on timely scientific topics;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of $30, which represents one year’s dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $30 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut St. Suite 816
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1993 have been set at $30 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1993 for the forthcoming annual meeting must have paid dues for 1993. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member’s subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member’s current registrar, dean, or department head, verifying the member’s current academic status. The Association’s By-Laws state that dues are payable for each year in advance on or before January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1993 may retain associate membership until December 31, 1997. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

Margaret Foti,
Executive Director

**CANDIDATE NOMINATED BY:**

(Please type or print name of AACR active member in good standing.)

**SIGNATURES**

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________ Date: ____________________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ___________________________ Date: ____________________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check for $30 in U.S. funds made payable to AACR, Inc. and drawn on a U.S. bank. Check one of the following boxes only if this form is being submitted between September 1 and December 31:

- ☐ current
- ☐ forthcoming
- ☐ calendar year

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

* Nominator must be active, emeritus, or honorary member of the AACR.

(This form may be reproduced.)

**THE DEADLINE FOR REDUCED REGISTRATION FEES IS MARCH 29, 1993.** Registration by mail will be accepted until April 16. Registration will also be possible at the Orange County Convention Center from May 18-22.

*Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate unless they are associate members of the AACR. An application for associate membership may accompany this form, but these should be submitted well before the March 29 deadline as review of the associate membership application may delay registration.*

+AACR members with paid-up subscriptions to an AACR journal and registrants who pay the nonmember fee receive the Proceedings automatically. If these members or nonmembers check this box and pay the $35 fee, they will receive an additional copy of the Proceedings.

+Optional payment for registrants outside of the U.S. and Canada only. Registrants paying this surcharge will receive meeting publications via air mail-printed matter before the annual meeting.

Mail all advance registration forms with applicable fees to Annual Meeting Registration, American Association for Cancer Research, Inc., Public Ledger Building, 620 Chestnut Street, Suite 816, Philadelphia, PA 19106-3483. FAX: 215-440-9313. Badges and receipts will be sent to you in April or early May. AACR members in good standing will receive copies of the Program and Proceedings prior to the meeting. Nonmember and student registrants who meet the March 29 deadline will also receive the Program and (if they have purchased it) the Proceedings prior to the meeting. Nonmembers and students who do not meet the deadline must pick up publications at the meeting site.

**REFUND POLICY**

Refunds on registration fees will be granted on written request received in the AACR Office by May 12, 1993. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACR Office with the refund request. A cancellation fee of $25 will be deducted from all refunds to cover administrative costs.

American Association for Cancer Research Publications

The word processing packages that we prefer are as follows:

- XyWrite III Plus (for the IBM)
- WordPerfect 4.2, 5.0, 5.1 (for the IBM)
- WordPerfect (for the Mac)
- Wordstar (for the IBM)
- Microsoft Word (for the IBM)
- Microsoft Word Macintosh (Versions 1–4) 400/800K
- Wang OIS (WPS)

Also acceptable:

- Apple II DOS 3.3
- Apple with Appleworks Software
- Apple III Plus DOS 3.3
- Apple Macintosh 400K Disc/
  MacWrite 2.2 (text)
- Apple Macintosh Plus 800K Disc/
  MacWrite 4.5 (text)
- CPT 8000
- DEC WPS-8
- DEC Decmate II
- DEC Decmate III
- Display Write 3
- Display Write 4
- IBM Displaywriter Word Processor 6580
- Lanier Business One Step
- Lanier No Problem
- Lanier Super No Problem
- MASS-11 PC
- Multimate
- PC Write
- PFS Professional Write
- Volkswriter 4.0

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author’s name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: ________________________________
Name of computer used (e.g., IBM/PS2): ____________________________
Operating system and version (e.g., DOS 3.3): ________________________
Word processing program and version (e.g., WordPerfect 5.0): ________
[See reverse for acceptable programs.]

Manuscript number: ____________________________
First author: ____________________________
Corresponding author (if different from first author): ____________
Telephone/FAX numbers: ____________________________

An Outstanding Scientific Program That Integrates the Most Recent Findings in Basic and Clinical Cancer Research

Scientific Sessions

Minority Issues Symposium: Careers and Opportunities in Cancer Research - Jerome Wilson, Sarah Antonio Li, Jacqueline Locklear, Eddie Reed, Denny Jones, Jr., Paulette S. Gray, Roberto Villarreal.

Richard and Hinda Rosenthal Foundation Award Lecture - Wauan K. Hong.

Plenary Session: Predicting the Impact of Molecular Biology on Cancer Therapy in the 21st Century (Joint AACR/ASCO)
Stephen H. Friend, Frank McCormick, Christopher Walsh, Judah Folkman.

Symposium: Cytokinins in the Immunomodulation of Cancer Elizabeth A. Grimm, Walter Fiers, Bert De Ganshaver, James J. Muld, Jerome Rit.

Presidential Address - Lee W. Watstenberg.

Symposium: Nitric Oxide and Superoxide: Endogenous Mediators of DNA Damage - Steven R. Tannenbaum, Larry K. Keffler, Michael A. Marletta, John M. Essigmann, Bruce Demple.

Symposium: Memesymap-Epithelial Interactions with Normal and Neoplastic Epithelial Cells - Gerald R. Cunha, Northern E. Fuschin, Jeffrey S. Rubin, Michael R. Skinner.

Bruce M. Cain Award Lecture - Victor Ling.

American Cancer Society Award Lecture - Joseph F. Fraumeni, Jr.

Methods Workshop: Clinical Research Methodology - Bridal G. Levenson, Steven Parnass, Barry E. Silver, Stephen L. George, Jane E. Henney. (Additional registration fee required.)

G. H. A. Clowes Memorial Award Lecture - Stuart H. Yoo.

Symposium: Protein Phosphatases in Carcinogenesis - Claude B. Kier, Marc C. Mumb, Minako Nakan, David Hartshorne, Nick Tonts.

Plenary Session: Transgenic Mice as Models for Cancer Pathogenesis - Owen N. White, Terry A. Van Dyke, Cathy Finlay, Douglass Hanahan, Paul L. Silver.

C. P. Rhoads Memorial Award Lecture - Tom Curran.

94th Annual Meeting of the American Association for Cancer Research
May 21-25, 1994 Chicago, IL

An Outstanding Scientific Program That Integrates the Most Recent Findings in Basic and Clinical Cancer Research

Scientific Sessions

Symposium: Advances in Molecular Epidemiology of Human Cancer - Carter C. Harris, Robert F. Murray, Jr., Frederick Perera, David Sidransky, Yasuji Nakamaru.

Symposium: Protein Kinase C: Modulator of the Cancer Phenotype and Target for Chemotherapy - Peter M. Blumberg, Robert M. Bell, Michael Karin, I. Bernard Weinstein, Sturti H. Yasup.

Symposium: Immunologic Approaches to Targeted Therapy - Ira Pastan, Lee M. Nadler, David M. Goldenberg, Peter D. Senter.

Methods Workshop: Embryonic Stem Cells and Gene Knockouts - Thomas C. D'Ethischman, Kirk Thomas, Mark Moore, Beverly Koller. (Additional registration fee required.)

Minisymposia, poster discussion sessions, and regular poster sessions will be organized from over 3,400 submitted papers in all areas of cancer research.

General Information

Member Registration
Nonmember Registration
(includes proceedings) $115
Postdoctoral Student and Associate Member Registration $210
Workshop Registration $50
Proceedings of the AACR $35
**$25 discount for advance registration received by March 29, 1993.
**$10 discount for advance registration received by March 29, 1993.

Employment Register
Candidates: AACR Members $15
Nonmembers $25
Employers:
AACR Members $75
Nonmembers $125
Commercial Firms $250

Publications

The Proceedings of the American Association for Cancer Research contains abstracts of all papers accepted for presentation by the Program Committee and extended abstracts of symposium presentations and special lectures. The Proceedings is received by all members with paid-up subscriptions to AACR journals, or it may be purchased at the time of registration for $35.

The Program of the Annual Meeting of the American Association for Cancer Research is included in the registration packet.

Detailed listings of available positions and prospective candidates will be available for consultation during the Annual Meeting and will be published in the Proceedings and in two issues of the Association's journal Cancer Research. Interviews will be scheduled in Orlando.

Employment Register

Displays by over 100 firms offering the most up-to-date products, services, and publications for both basic and clinical cancer researchers.

Upjohn Awards
For presenters of meritorious abstracts as selected by the Program Committee. No formal application necessary. Predoctoral students, postdoctoral fellows, and physicians in training are eligible. Upjohn Company sponsors awards to investigators in North America. Upjohn International, Inc., to investigators in other countries.

Comprehensive Minority Biomedical Program of the National Cancer Institute
For predoctoral students, postdoctoral fellows, or physicians in training in the U.S. and Canada from minority groups that have been traditionally underrepresented in cancer research.

Women in Cancer Research
Women in Cancer Research will organize several sessions during the meeting that will be of interest to all registrants.

ALZA INTRODUCES 24-HOUR, NON-STOP DELIVERY TO ANY LOCATION IN THIS AREA.

When you have to be absolutely sure the agents you're investigating are delivered wherever you want them, 24 hours a day, there's only one way to go: ALZET osmotic pumps.

The new ALZET 2001D pump reliably and automatically delivers its contents at the rate of 8 μl per hour—every hour—for 24 hours. Because agents are continually present, you can better assess their bioactive effects, even those with short half-lives. And ALZET pumps are implantable, so you eliminate stress to the animal and disruption of normal behavioral patterns.

Choose any route or destination. Like all ALZET pumps, the 2001D can be implanted intraperitoneally or subcutaneously, or used with a catheter to target agents directly to remote sites.

We'll even help you get started. Over the last 12 years, thousands of researchers have used ALZET pumps. Call our Technical Information Line at 800-692-2990 and give us your fax number and area of research interest. We'll deliver a custom bibliography within 24 hours. To order ALZET pumps, call 800-227-9953. In Canada, call 800-654-2990; other countries, see listing below.
