AMERICAN ASSOCIATION FOR CANCER RESEARCH
GUIDELINES FOR APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACR enjoy the following benefits:

1. subscriptions to all of the Association’s high-quality journals, Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention, at reduced member rates;
2. the privilege of sponsoring a paper for presentation at the AACR annual meeting;
3. an advance copy of the scientific Program and the Proceedings of the American Association for Cancer Research for each annual meeting;
4. reduced registration rates at all scientific meetings;
5. priority notification of events in the AACR’s outstanding series of special conferences on timely subjects in the field;
6. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory;
7. reduced rates for the AACR Employment Register; and
8. the professional benefits of AACR’s public education activities.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate is working in a research area not directly related to cancer but has conducted research of merit in a related area of biomedical science, he or she may also qualify for membership.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status at a later date upon leaving the Americas. Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications should apply for associate membership.

PROCEDURES FOR APPLICATION

There are three deadlines for receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1</td>
<td>March</td>
</tr>
<tr>
<td>May 1</td>
<td>July</td>
</tr>
<tr>
<td>September 1</td>
<td>November</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:
1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a secondor who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). OR—The secondor may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
Phone: 215/440-9300
Fax: 215-440-9313

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for subscriptions to AACR publications. In 1994 dues for active members are $150, $95 of which is designated for journal subscriptions. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year’s membership dues are paid in full.

Corresponding members are required to pay dues ($65 in 1994) and may, if they wish, subscribe to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at reduced member rates.

Applicants elected in March will be responsible for payment of that year’s dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

Margaret Foti
Executive Director
APPLICATION FOR ACTIVE OR CORRESPONDING MEMBERSHIP

CANDIDATE SECONDED BY*: ____________________________ (Please print)

CANDIDATE IS APPLYING FOR (Check one): □ ACTIVE □ CORRESPONDING MEMBERSHIP

STATEMENT OF SUPPORT (in place of letters of recommendation)

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? ______ years

Will the candidate make a long-term contribution to cancer research? Yes ___ No ___

Does the candidate's research adhere to accepted ethical standards? Yes ___ No ___

I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator* ____________________________ Date ____________________________

Signature of seconder* ____________________________ Date ____________________________

See Guidelines for Application on the reverse side of this form for further instructions.

*Both nominator and seconder must be active, corresponding, emeritus, or honorary members of the AACR.

(This form may be reproduced.)
QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a paper for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the student rate (This rate is otherwise available only to predoctoral students);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association's high-quality journals Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR's series of special conferences on timely subjects in the field;
7. reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year's dues payment must accompany the application. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $30 or $40 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1993 and 1994 have been set at $30 per year for residents of the Americas and $40 for residents of other countries. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in October 1993 for the forthcoming annual meeting must have paid dues for 1993. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's current registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1993 may retain associate membership until December 31, 1997. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

SIGNATURES
I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________ Date: ____________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ___________________________ Date: ____________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:
The enclosed dues payment should be applied to the ☐ current ☐ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

Guidelines for Submitting Disks
to
American Association for Cancer Research Publications

The word processing packages that we prefer are as follows:

- XyWrite III Plus (for the IBM)
- WordPerfect 4.2, 5.0, 5.1 (for the IBM)
- WordPerfect (for the Mac)
- Wordstar (for the IBM)
- Microsoft Word (for the IBM)
- Microsoft Word Macintosh (Versions 1–4) 400/800K
- Wang OIS (WPS)

Also acceptable:

- Apple II DOS 3.3
- Apple with Appleworks Software
- Apple III Plus DOS 3.3
- Apple Macintosh 400K Disc/
  MacWrite 2.2 (text)
- Apple Macintosh Plus 800K Disc/
  MacWrite 4.5 (text)
- CPT 8000
- DEC WPS-8
- DEC Decmate II
- DEC Decmate III
- Display Write 3
- Display Write 4
- IBM Displaywriter Word Processor 6580
- Lanier Business One Step
- Lanier No Problem
- Lanier Super No Problem
- MASS-11 PC
- Multimate
- PC Write
- PFS Professional Write
- Volkswriter 4.0

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: ________________________________
Name of computer used (e.g., IBM/PS2): ________________________________
Operating system and version (e.g., DOS 3.3): ________________________________
Word processing program and version (e.g., WordPerfect 5.0): ________________________________
[See reverse for acceptable programs.]

Manuscript number: ____________________________________________
First author: ____________________________________________
Corresponding author (if different from first author): ________________________________
Telephone/FAX numbers: ____________________________________________

25-48 cassettes .......................................... 15% DISCOUNT
49 + ................................................................. 20% DISCOUNT

Programs consist of 1, 2, or 3 cassettes. Prices are listed after each program title.

☐ CAN-401 Meet the Expert Sunrise Session: Anti-Growth Factor Therapy to Prevent and Treat Lung Cancer: A New Horizon or a Fantasy? Paul A. Bunn, Jr. (1 cassette, $11.50)

☐ CAN-402 Meet the Expert Sunrise Session: Cancer Cell Structure and Chaos, Donald S. Coffey (1 cassette, $11.50)

☐ CAN-403 Meet the Expert Sunrise Session: Molecular Biology of Hematopoietic Malignancies, Carlo M. Croce (1 cassette, $11.50)

☐ CAN-404 Meet the Expert Sunrise Session: New Frontiers in Chemoprevention: Basic Science to the Clinic, Wun Ki Hong (1 cassette, $11.50)

☐ CAN-405 Plenary Session: Biological and Clinical Roles of Genetic Markers (2 cassettes, $23.00)

☐ CAN-406 Minisymposium Endocrinology 1: Hormonal Carcinogenesis and Progression (2 cassettes, $23.00)

☐ CAN-407 Minisymposium Immunology/Biological Therapy 1: Antibody-based Therapy of Cancer (3 cassettes, $34.50)

☐ CAN-408 Minisymposium Clinical Investigations 1: Clinical Pharmacology/Phase I Studies (3 cassettes, $34.50)

☐ CAN-409 Minisymposium Carcinogenesis 1: Angiogenesis and Neoplasia (3 cassettes, $34.50)

☐ CAN-410 Minisymposium Experimental Therapeutics 1: Topoisomerase I (3 cassettes, $34.50)

☐ CAN-411 Thirty-Fourth G.H.A. Cloes Memorial Award Lecture: Genetic Analysis of Human Breast Cancer, Mary Claire King (1 cassette, $11.50)

☐ CAN-412 Minisymposium Prevention 2: Translation of Chemoprevention to Humans (3 cassettes, $34.50)

☐ CAN-413 Minisymposium Biology 4: Signal Transduction and Oncogenes in Breast Cancer (3 cassettes, $34.50)

☐ CAN-414 Minisymposium Clinical Investigations 3: Drug Resistance (3 cassettes, $34.50)

☐ CAN-415 Minisymposium Experimental Therapeutics 7: P-Glycoprotein II (3 cassettes, $34.50)

☐ CAN-417 Symposium 1: Recent Advances in Environmental Carcinogenesis (2 cassettes, $23.00)

☐ CAN-418 Symposium 2: Cellular Signaling (2 cassettes, $23.00)

☐ CAN-419 Symposium 3: AIDS-related Malignancies (2 cassettes, $23.00)

☐ CAN-420 Symposium 4: Solid Tumor Physiology and Therapeutic Approaches (2 cassettes, $23.00)

☐ CAN-421 Symposium 5: Conducting Cancer Research among Minority Populations in the United States (2 cassettes, $23.00)

☐ CAN-422 Presidential Address: UV Radiation and Immunology: Something New under the Sun, Margaret L. Kripke; Presentation of the Second Gertrude Elion Cancer Research Award (1 cassette, $11.50)

☐ CAN-423 Minority Issues Committee Symposium: Survival and Success in Cancer Research: Toward the Year 2000 (2 cassettes, $23.00)

☐ CAN-424 Meet the Expert Sunrise Session: Modulation of Gene Expression in Multidrug-resistant Tumor Cells, June L. Biedler (1 cassette, $11.50)

☐ CAN-425 Meet the Expert Sunrise Session: Cytochrome P450IA1: An Exercise in Regulation, Edward Bresnick (1 cassette, $11.50)

☐ CAN-426 Meet the Expert Sunrise Session: Physiological Resistance to the Treatment of Solid Tumors, Rachael K. Jain (1 cassette, $11.50)

☐ CAN-427 Meet the Expert Sunrise Session: Chemoprevention of Breast Cancer — Alternatives to Tamoxifen and Retinoids, Lee W. Wattenberg (1 cassette, $11.50)

☐ CAN-428 Symposium 6: Hematological Malignancies: Biology and Therapy (2 cassettes, $23.00)

☐ CAN-429 Symposium 7: New Approaches to Cancer Immunotherapy (2 cassettes, $23.00)

☐ CAN-430 Symposium 8: Retinoids and Cancer (2 cassettes, $23.00)

☐ CAN-431 Symposium 9: Transcriptional Control of Cell Proliferation and Differentiation (2 cassettes, $23.00)

☐ CAN-432 Minisymposium Epidemiology 1: Cancer Epidemiology I: (2 cassettes, $23.00)

☐ CAN-433 Minisymposium Carcinogenesis 9: Genomic Instability (3 cassettes, $34.50)

☐ CAN-434 Minisymposium Clinical Investigations 6: Breast Cancer I (3 cassettes, $34.50)

☐ CAN-435 Minisymposium Molecular Biology/Biochemistry 6: Advanced Cancer Cytogenetics (3 cassettes, $34.50)

☐ CAN-436 Minisymposium Experimental Therapeutics 13: Topoisomerase II (3 cassettes, $34.50)

☐ CAN-437 Controversy Session 1: Fat and Breast Cancer: Can an Intervention Trial Resolve the Issue? (1 cassette, $11.50)

☐ CAN-438 Third American Cancer Society Award Lecture on Cancer Epidemiology and Prevention: The Prevention of Hormone-induced Cancers, Brian E. Henderson (1 cassette, $11.50)

☐ CAN-439 Minisymposium Biology 11: Cell Adhesion and Extracellular Matrix Molecules (3 cassettes, $34.50)

☐ CAN-440 Minisymposium Carcinogenesis 12: Tumor Suppressor Genes II (3 cassettes, $34.50)

☐ CAN-441 Minisymposium Clinical Investigations 9: Solid Tumors III: (3 cassettes, $34.50)

☐ CAN-442 Minisymposium Molecular Biology/Biochemistry 9: Control of Gene Expression I: (3 cassettes, $34.50)

☐ CAN-443 Minisymposium Experimental Therapeutics 21: Modulation of the Multidrug Resistance Phenotype (2 cassettes, $23.00)

☐ CAN-444 Symposium 10: Programmed Cell Death (2 cassettes, $23.00)

☐ CAN-445 Symposium 11: New Strategies for Immunological Intervention (3 cassettes, $34.50)

☐ CAN-446 Symposium 12: Diet and Cancer: The Role of Protective Factors (2 cassettes, $23.00)

☐ CAN-447 Symposium 13: Basic and Clinical Aspects of Prostate Cancer (2 cassettes, $23.00)

☐ CAN-448 Controversy Session 2: Is Multidrug Resistance an Important Factor in Therapeutic Outcome? (2 cassettes, $23.00)

☐ CAN-449 AACR Annual Business Meeting (1 cassette, $11.50)

☐ CAN-450 Meet the Expert Sunrise Session: Intrinsic and Acquired Resistance to Antimetabolites, Joseph R. Bertino (1 cassette, $11.50)

☐ CAN-451 Meet the Expert Sunrise Session: Pathology and Epidemiology of Helicobacter pylori Infection — Is There a Cancer Link? Pelayo Correa (1 cassette, $11.50)

☐ CAN-452 Meet the Expert Sunrise Session: Molecular Aspects of Breast Cancer Progression, Helene S. Smith (1 cassette, $11.50)

☐ CAN-453 Minisymposium Clinical Investigations 12: Role of Oncogenes in Solid Tumors (2 cassettes, $23.00)

☐ CAN-454 Minisymposium Biology 15: Cellular and Genetic Factors in Metastasis (3 cassettes, $34.50)

☐ CAN-455 Minisymposium Carcinogenesis 16: Tumor Promotion II (3 cassettes, $34.50)

☐ CAN-456 Minisymposium Molecular Biology/Biochemistry 13: DNA Lesions: Their Recognition and Repair (3 cassettes, $34.50)

☐ CAN-457 Minisymposium Experimental Therapeutics 27: Tyrosine Kinases and Protein Kinase Cs As Antineoplastic Drug Targets (3 cassettes, $34.50)

☐ CAN-458 Symposium 14: Basic Science Approaches to Breast Cancer (2 cassettes, $23.00)

☐ CAN-459 Symposium 15: Genetic Basis for Tumor Cell Sensitivity to Radiation (2 cassettes, $23.00)

☐ CAN-460 Symposium 16: Intermediate Endpoints in Cancer Prevention (2 cassettes, $23.00)

☐ CAN-461 Symposium 17: Pharmacogenetics: Role of Drug Metabolism Polymorphisms in Cancer Chemotherapy (2 cassettes, $23.00)

☐ CAN-462 Controversy Session 3: Is Bone Marrow Transplantation Indicated for Adult Acute Leukemia in First Remission? (1 cassette, $11.50)

☐ CAN-463 Eighteenth Richard and Hinda Rosenthal Foundation Award Lecture: Angiogenesis as a Target for Cancer Therapy, Marc E. Lippman (1 cassette, $11.50)

☐ CAN-464 Public Education Session: The Funding Crisis in Cancer Research: What Can We Do? (1 cassette, $11.50)

☐ CAN-465 Minisymposium Biology 20: Apoptosis III (3 cassettes, $34.50)

☐ CAN-466 Minisymposium Immunology/Biological Therapy 10: Tumor Antigens and Tumor Vaccines (3 cassettes, $34.50)
THE FOLLOWING PROGRAMS ARE AVAILABLE ON VIDEO CASSETTE
