AMERICAN ASSOCIATION FOR CANCER RESEARCH
GUIDELINES FOR APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP
The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACR enjoy the following benefits:
1. subscriptions to all of the Association’s high-quality journals, Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention, at reduced member rates;
2. the privilege of sponsoring a paper for presentation at the AACR annual meeting;
3. an advance copy of the scientific Program and the Proceedings of the American Association for Cancer Research for each annual meeting;
4. reduced registration rates at all scientific meetings;
5. priority notification of events in the AACR’s outstanding series of special conferences on timely subjects in the field;
6. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory;
7. reduced rates for the AACR Employment Register; and
8. the professional benefits of AACR’s public education activities.

QUALIFICATIONS FOR MEMBERSHIP
Active membership in the AACR is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate is working in a research area not directly related to cancer but has conducted research of merit in a related area of biomedical science, he or she may also qualify for membership.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status at a later date upon leaving the Americas. Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications should apply for associate membership.

PROCEDURES FOR APPLICATION
There are three deadlines for receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application in AACR Office</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1</td>
<td>March</td>
</tr>
<tr>
<td>May 1</td>
<td>July</td>
</tr>
<tr>
<td>September 1</td>
<td>November</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:
1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. –OR– The nominator may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). –OR– The seconder may supply the responses requested at the bottom of the application form in the section entitled “STATEMENT OF SUPPORT” (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215-440-9313

RESPONSIBILITIES OF MEMBERSHIP
Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for subscriptions to AACR publications. In 1994 dues for active members are $150, $95 of which is designated for journal subscriptions. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year’s membership dues are paid in full.

Corresponding members are required to pay dues ($65 in 1994) and may, if they wish, subscribe to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at reduced member rates.

Applicants elected in March will be responsible for payment of that year’s dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

AMERICAN ASSOCIATION FOR CANCER RESEARCH
GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a paper for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association's high-quality journals Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR's series of special conferences on timely subjects in the field;
7. reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year's dues payment must accompany the application. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $30 or $40 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1993 and 1994 have been set at $30 per year for residents of the Americas and $40 for residents of other countries. If an application is submitted by August 31, the accompanying dues payments will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in October 1993 for the forthcoming annual meeting must have paid dues for 1993. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's current Registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1993 may retain associate membership until December 31, 1997. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

Margaret Foti

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ______________________________________________ Date: ______________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ____________________________________________ Date: ______________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:

The enclosed dues payment should be applied to the □ current  □ forthcoming calendar year.

(Note: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.

Please fill out all information on reverse side and submit this form with your disk. Disks will not be processed without this information.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: ________________________________
Name of computer used (e.g., IBM/PS2): ______________________________
Operating system and version (e.g., DOS 3.3): ______________________________
Word processing program and version (e.g., WordPerfect 5.0): ____________________
[See reverse for acceptable programs.]

Manuscript number: _____________________________________________
First author: ____________________________________________________
Corresponding author (if different from first author): ___________________________

MODERN DEVELOPMENTS IN CANCER THERAPEUTICS

Joint Conference of the
American Association for Cancer Research
and the
Institute of Biomedical Sciences (Taiwan)

November 7-11, 1994
Academia Sinica, Taipei, Taiwan

ORGANIZING COMMITTEE

AACR
Yung-Chi Cheng / New Haven
Chairperson
Bruce A. Chabner / Bethesda
Co-Chairperson
Joseph R. Bertino / New York
Co-Chairperson
Edward Bresnick / Hanover
Robert L. Capizzi / Philadelphia
Paul P. Carbone / Madison
Margaret Foti / Philadelphia
I. Bernard Weinstein / New York
Wendell Wierenga / Ann Arbor

TAIWAN
Cheng-Wen Wu / Taipei
Chairperson
J. K. Wang-Peng / Taipei
Co-Chairperson
Fellia Y.-H. Wu / Taipei
Co-Chairperson
Chung-Ming Chang / Taipei
Kenneth S. S. Chang / Tao-Yuan
Ding-Shinn Chen / Taipei

Kuang Y. Chen / Taipei
K. C. Chow / Taipei
Ming-Ta Hsu / Taipei
Oliver Yoo-Pu Hsu / Taipei
Jaulang Huang / Taipei
G. M. Lai / Taoyuan
Te-Chang Lai / Taipei
Reury-Pemp Penmg / Taipei
Wen-Kuang Yang / Taipei
Winston C. Y. Yu / Taipei

SCIENTIFIC PROGRAM

Drug Discovery
*J. K. Lin / Taipei
*Bruce A. Chabner / Bethesda
Steve R. Roffler / Taipei
Jaulang Hwang / Taipei
Wendell Wierenga / Ann Arbor
Robert C. Jackson / San Diego
Allen I. Oliff / West Point
Grace W. P. Chao Yeh / Frederick

Experimental Therapeutics
*Robert L. Capizzi / Philadelphia
*Wendell Wierenga / Ann Arbor
Fellia Y.-H. Wu / Taipei
Shuen-Kuel Liao / Tao-Yuan
Susan B. Horwitz / Bronx
Napoleon Ferrara / S. San Francisco
Rui Han / Beijing
Edward Chu / Bethesda

Drug Resistance
*Susan B. Horwitz / Bronx
*Ming-Ching Shen / Tokyo
Chuck C.-K. Chao / Tao-Yuan
Takashi Tsuruo / Tokyo
Joseph R. Bertino / New York
John A. Hickman / Manchester
Susan P. C. Cole / Kingston
Yves Pommier / Bethesda

Tumor Biology
*Ming-Ta Hsu / Taipei
*Edward Bresnick / Hanover
Pei-Jer Chen / Taipei
Cheng-Po Hu / Taipei
Theo D. Tiiy / Chapel Hill
Wen-Hwa Lee / San Antonio
ChawShang Chang / Madison
Lothar Swieger / Heidelberg

Gene Therapy and Vaccines
*Joseph R. Bertino / New York
*Ding-Shinn Chen / Taipei
Lih-Hwa Hwang / Taipei
Wen-Kuang Yang / Taipei
Drew M. Pardoll / Baltimore
Alan Gewirtz / Philadelphia
Lele Huang / Pittsburgh
J. Martin Brown / Stanford

Novel Therapy
*Andrew T. Huang / Taipei
*Paul P. Carbone / Madison
Yao-Chang Chen / Taipei
Kuang Y. Chen / Taipei
Rolf F. Barth / Columbus
Makoto Ogawa / Nagoya
Mark Kaminisky / Ann Arbor
Alice L. Yu / San Diego

Hepatocellular Carcinogenesis:
Treatment and Prevention
*I. Bernard Weinstein / New York
*Juel Low Sung / Taipei
G. M. Lai / Taoyuan
Ding-Shinn Chen / Taipei
Zhaoyu Tang / Shanghai
Yung-Chi Cheng / New Haven
Brian L. Carr / Pittsburgh

Summary
Bruce A. Chabner / Bethesda

Applicants are encouraged to submit abstracts for poster presentation.

*indicates Session Chairperson

Keep up with the latest developments in

Cancer Research

An Official Journal of the
American Association for Cancer Research

Carlo M. Croce, M.D., Editor-in-Chief

Subscribe to Cancer Research—the leading citation source of original studies in cancer research and cancer-related biomedical science. Issued semimonthly, Cancer Research publishes 7,000 pages of important research each year, including the following regular features:

- **The most up-to-date articles** in basic research and clinical and epidemiological investigations by authors from the United States and more than 30 countries
- **Perspectives in Cancer Research**, in which leading investigators explore contemporary and at times controversial topics
- **Advances in Brief**, a rapid communication category for short but definitive, highly significant reports
- **Supplemental issues** developed from symposia or relevant subjects
- **Proceedings of the American Association for Cancer Research**, a special annual issue that offers stimulating new research ideas in abstract form

Order Now!

☐ Yes, I want to keep up with the latest developments in Cancer Research. Enter my one-year subscription.

1994 Subscription Rates:

☐ Individual $415 ☐ Institutional $415

Add $60 for delivery outside the U.S. Subscriptions payable in advance (in US currency or equivalent) to:

WAVERLY PRESS, INC./CANCER RESEARCH
428 East Preston Street / Baltimore, MD 21202

MECHANISM OF ACTION OF RETINOIDS, VITAMIN D, AND STEROID HORMONES

An AACR Special Conference in Cancer Research

January 14-19, 1995
Whistler Resort and Conference Centre
Whistler, British Columbia, Canada

CONFERENCE CHAIRPERSONS
Michael B. Sporn / Bethesda, MD
Ronald M. Evans / La Jolla, CA
David J. Mangelsdorf / Dallas, TX

PROGRAM COMMITTEE
Vincent Giguere / Toronto, Ontario, Canada
John Wesley Pike / La Jolla, CA

SCIENTIFIC PROGRAM

Special Lectures
Pierre Chambon / Strasbourg, France
Ronald M. Evans / La Jolla, CA

Heterodimerization and Protein/Protein Interactions
Hendrik G. Stunnenberg / Heidelberg, Germany
Bjorn Vennstrom / Stockholm, Sweden
Magnus Pfahl / La Jolla, CA
Christopher K. Glass / San Diego, CA

Receptor Structure
Peter E. Wright / La Jolla, CA

Embryonic Development
Gregor Elchele / Houston, TX
Lee Ann Niswander / New York, NY
Carl Thummel / Salt Lake City, UT
Jeremy Brockes / London, England

Actions of Retinoids
Richard Heyman / La Jolla, CA
Arthur Levin / Nutley, NJ
Jochen Buck / New York, NY
Michael B. Sporn / Bethesda, MD
Lorraine J. Gudas / New York, NY

Analysis of Disease
Benjamin G. Neel / Boston, MA
Kenneth Korach / Research Triangle Park, NC
Hughes de Thé / Paris, France
Günter Schütz / Heidelberg, Germany

Orphan Receptors
David J. Mangelsdorf / Dallas, TX
Vincent Giguere / Toronto, Ontario, Canada
Keith Parker / Durham, NC
Jan-Ake Gustafsson / Huddinge, Sweden

Steroid Hormones
Bert W. O'Malley / Houston, TX
Donald P. McDonnell / Durham, NC
Benita S. Katzenellenbogen / Urbana, IL

Vitamin D
John Wesley Pike / La Jolla, CA
Leonard P. Freedman / New York, NY

Applicants are encouraged to submit abstracts for poster presentation.

Application Deadline: November 3, 1994

Information and Application Forms
American Association for Cancer Research
Public Ledger Building, Suite 816
150 South Independence Mall West
Philadelphia, PA 19106-3483
215-440-9300 215-440-9313 (FAX)
JULY 17-24, 1994
Histopathology of Neoplasia
The Edward A. Smuckler Memorial Workshop for Predoctoral and Postdoctoral Fellows Contemplating Careers in Basic Cancer Research
Supported by a Generous Grant from the National Cancer Institute
Chairperson: Michael W. Lieberman, Houston, TX
Keystone Conference Center, Keystone, CO

OCTOBER 16-20, 1994
Transcriptional Control of Cell Growth and Differentiation
Chairpersons: Eric N. Olson, Houston, TX; Bruce M. Spiegelman, Boston, MA
Chatham Bars Inn, Chatham (Cape Cod), MA

NOVEMBER 7-11, 1994
Modern Developments in Cancer Therapeutics
Joint Meeting with Academia Sinica
Chairperson: Yung-chi Cheng, New Haven, CT
Academia Sinica, Taipei, Taiwan, R.O.C.

NOVEMBER 29-DECEMBER 4, 1994
Translational Research in Cancer
Chairperson: Carlo M. Croce, Philadelphia, PA
Grove Park Inn, Asheville, NC

DECEMBER 8-13, 1994
Basic and Clinical Aspects of Prostate Cancer
Chairperson: Donald S. Coffey, Baltimore, MD
Marriott's Rancho Las Palmas Resort, Rancho Mirage (Palm Springs), CA

JANUARY 14-19, 1995
Mechanism of Action of Retinoids, Vitamin D, and Steroid Hormones
Chairpersons: Michael B. Sporn, Bethesda, MD; Ronald M. Evans, San Diego, CA; David Mangelsdorf, San Diego, CA
Whistler Resort and Conference Center, Whistler, B.C., Canada

FEBRUARY 13-18, 1995
Molecular Biology of Cancer: Implications for Prevention and Therapy
Joint Meeting with Japanese Cancer Association
Chairpersons: Lee W. Wattenberg, Minneapolis, MN; Masaaki Terada, Tokyo, Japan
Maui Marriott Hotel, Maui, HI

MARCH 19-22, 1995
86th Annual Meeting
Chairperson: Donald S. Coffey, Baltimore, MD
Metro Toronto Convention Centre, Toronto, Ontario, Canada
(Abstract Deadline: October 14, 1994)

AACR members will receive brochures on the above special conferences as soon as they are available. Nonmembers should call or write:
American Association for Cancer Research
Public Ledger Building
620 Chestnut Street, Suite 816
Philadelphia, PA 19106-3483
215-440-9300 • 215-440-9313 (FAX)
Defining the Science of Multidrug Resistance

Monoclonal Antibodies, Controls and Detection Systems Optimized for the Study of Multidrug Resistance
