AMERICAN ASSOCIATION FOR CANCER RESEARCH
GUIDELINES FOR APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACR enjoy the following benefits:
1. subscriptions to all of the Association's high-quality journals, Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention, at reduced member rates;
2. the privilege of sponsoring a paper for presentation at the AACR annual meeting;
3. an advance copy of the scientific Program and the Proceedings of the American Association for Cancer Research for each annual meeting;
4. reduced registration rates at all scientific meetings;
5. priority notification of events in the AACR's outstanding series of special conferences on timely subjects in the field;
6. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory;
7. reduced rates for the AACR Employment Register; and
8. the professional benefits of AACR's public education activities.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate is working in a research area not directly related to cancer but has conducted research of merit in a related area of biomedical science, he or she may also qualify for membership.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status at a later date upon leaving the Americas. Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications should apply for associate membership.

PROCEDURES FOR APPLICATION

There are three deadlines for receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application in AACR Office</th>
<th>Notification of Candidate</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1</td>
<td>March</td>
</tr>
<tr>
<td>May 1</td>
<td>July</td>
</tr>
<tr>
<td>September 1</td>
<td>November</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:
1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate's most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate's achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. --OR-- The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). --OR-- The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215-440-9313

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for subscriptions to AACR publications. In 1994 dues for active members are $150, $95 of which is designated for journal subscriptions. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year's membership dues are paid in full.

Corresponding members are required to pay dues ($65 in 1994) and may, if they wish, subscribe to Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at reduced member rates.

Applicants elected in March will be responsible for payment of that year's dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

Margaret Foti
Executive Director

CANDIDATE IS APPLYING FOR (Check one): ☐ ACTIVE ☐ CORRESPONDING MEMBERSHIP

STATEMENT OF SUPPORT (in place of letters of recommendation)

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

How long has the candidate worked in the field of cancer research? _____ years

Will the candidate make a long-term contribution to cancer research? ___Yes ___No

Does the candidate's research adhere to accepted ethical standards? ___Yes ___No

I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator* ____________________________ Date ____________________________

Signature of seconder* ____________________________ Date ____________________________

See Guidelines for Application on the reverse side of this form for further instructions.

*Both nominator and seconder must be active, corresponding, emeritus, or honorary members of the AACR.

(This form may be reproduced.)
QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a paper for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association’s high-quality journals Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR’s series of special conferences on timely subjects in the field;
7. reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year’s dues payment must accompany the application. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $30 or $40 dues payment to:

American Association for Cancer Research
Public Ledger Building
620 Chestnut Street
Suite 816
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1993 and 1994 have been set at $30 per year for residents of the Americas and $40 for residents of other countries. If an application is submitted before August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in October 1993 for the forthcoming annual meeting must have paid dues for 1993. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member’s subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member’s current registrar, dean, or department head, verifying the member’s current academic status. The Association’s By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1993 may retain associate membership until December 31, 1997. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

CANDIDATE NOMINATED BY: ___________________________ (Please type or print name of AACR active member in good standing.)

SIGNATURES
I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________ Date: ______________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ___________________________ Date: ______________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently $30 for associate members residing in the Americas and $40 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:
The enclosed dues payment should be applied to the ☐ current ☐ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in May of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

THE DEADLINE FOR REDUCED REGISTRATION FEES IS FEBRUARY 18, 1994. Registration by mail will be accepted until March 11. Registration will also be available at the Moscone Center from April 9-13.

*Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate unless they are Associate Members of the AACC. An application for Associate Membership may accompany this form, but these should be submitted well before the February 18 deadline, as review of the Associate Membership application may delay registration.

+aACR members with paid-up subscriptions to an AACC journal and registrants who pay the nonmember fee receive the Proceedings automatically. If these members or nonmembers check this box and pay the $35 fee, they will receive an additional copy of the Proceedings.

Optional payment for registrants outside of the U.S. and Canada only. Registrants paying this surcharge will receive meeting publications via airmail-printed matter before the annual meeting.

Mail all advance registration forms with applicable fees to Annual Meeting Registration, American Association for Cancer Research, Inc., Public Ledger Building, 820 Chestnut Street, Suite 818, Philadelphia, PA 19106-3483. Fax: 215-440-8313. Badges and receipts will be sent to you in March. AACR members in good standing will receive copies of the Program and Proceedings prior to the meeting. Nonmember and student registrants who meet the February 18 deadline will also receive the Program and (if they have purchased it) the Proceedings prior to the meeting. Nonmembers and students who do not meet the deadline must pick up registrations at the meeting site.

REFUND POLICY

Refunds on registration fees will be granted on written request received in the AACC Office by April 4, 1994. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACC Office with the refund request. A cancellation fee of $25 will be deducted from all refunds to cover administrative costs.

The word processing packages that we prefer are as follows:

- XyWrite III Plus (for the IBM)
- WordPerfect 4.2, 5.0, 5.1 (for the IBM)
- WordPerfect (for the Mac)
- Wordstar (for the IBM)
- Microsoft Word (for the IBM)
- Microsoft Word Macintosh (Versions 1–4) 400/800K
- Wang OIS (WPS)

Also acceptable:
- Apple II DOS 3.3
- Apple with Appleworks Software
- Apple III Plus DOS 3.3
- Apple Macintosh 400K Disc/
  MacWrite 2.2 (text)
- Apple Macintosh Plus 800K Disc/
  MacWrite 4.5 (text)
- CPT 8000
- DEC WPS-8
- DEC Decmate II
- DEC Decmate III
- Display Write 3
- Display Write 4
- IBM Displaywriter Word Processor 6580
- Lanier Business One Step
- Lanier No Problem
- Lanier Super No Problem
- MASS-11 PC
- Multimate
- PC Write
- PFS Professional Write
- Volkswriter 4.0

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
**DISK SUBMISSION FORM**

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

**File preparation**

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author’s name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide **ALL** the information.

**Name used to access paper on disk:** ____________________________________________

**Name of computer used (e.g., IBM/PS2):** ____________________________________________

**Operating system and version (e.g., DOS 3.3):** ____________________________________________

**Word processing program and version (e.g., WordPerfect 5.0):** ____________________________

[See reverse for acceptable programs.]

**Manuscript number:** ____________________________________________

**First author:** ____________________________________________

**Corresponding author (if different from first author):** ____________________________________________

**Telephone/FAX numbers:** ____________________________________________

This form (both sides) may be reproduced.

- CAN 322 ($11.50) Meet the Expert Sunrise Session: Molecular Carcinogenesis to Molecular Epidemiology, Curtis C. Harris
- CAN 323 ($11.50) Meet the Expert Sunrise Session: Molecular Therapeutics: Are We Ready for Designer Drugs? Susan Band Horwitz, Dalila Cohen
- CAN 324 ($11.50) Second American Cancer Society Award Lecture on Cancer Epidemiology and Prevention: Epithelial Studies of Cancer-prone Communities and Families, Joseph F. Fraumeni, Jr.
- CAN 325 ($23.00) Plenary Session 3: Tumor Invasion, Angiogenesis, and Metastasis
- CAN 326 ($23.00) Symposium 6: Strategies for Utilization of Antisense Molecules or Ribozymes as Specific Anticancer Agents
- CAN 327 ($34.50) Symposium 7: The EGF and EGF Receptor Superfamilies: Recent Advances in Ligands, Receptors, and Signal Transduction
- CAN 328 ($34.50) Symposium 8: The Biology and Therapeutic Application of Normal Hematopoietic Stem Cells
- CAN 329 ($34.50) Minisymposium Molecular Biology/Virology 4: Tumor Suppressor Genes I
- CAN 330 ($34.50) Minisymposium Clinical Investigations 5: Novel Studies of Cytotoxic and Biological Agents in Human Cancer
- CAN 331 ($34.50) Minisymposium Prevention 2: Mechanisms and Biomarkers in Chemoprevention
- CAN 332 ($34.50) Minisymposium Experimental Therapeutics 12: P-Glycoproteins: Development and New Substrates and Modulators
- CAN 333 ($11.50) Thirty-Third G.H.A. Clowes Memorial Award Lecture: The Pathogenesis of Squamous Cell Cancer: Lessons Learned from Studies of Skin Carcinogenesis, Stuart H. Yasp
- CAN 334 ($23.00) Plenary Session 4: Mechanisms of Action of Chemopreventive Agents: Basic Science and Clinical Applications
- CAN 335 ($23.00) Symposium 9: Biology and Treatment of Pediatric Cancer
- CAN 336 ($23.00) Symposium 10: Protein Phosphatases in Carcinogenesis
- CAN 337 ($23.00) Symposium 11: Proteases in Carcinogenesis and Tumor Progression
- CAN 338 ($34.50) Minisymposium Biology 8: Growth Factors, Hormones, and Receptors in Human Breast Cancer
- CAN 339 ($34.50) Minisymposium Carcinogenesis 11: Molecular Mechanisms of Mutagenesis
- CAN 340 ($34.50) Minisymposium Clinical Investigations 8: Immunotherapy and Biotherapy of Cancer II
- CAN 341 ($34.50) Minisymposium Experimental Therapeutics 20: Molecular Mechanisms of Drug Resistance
- CAN 342 ($11.50) AARC Annual Business Meeting
- CAN 343 ($11.50) Meet the Expert Sunrise Session: Cellular and Molecular Biology of Metastasis, Robert S. Kerbel
- CAN 344 ($11.50) Meet the Expert Sunrise Session: Cancer Cell Structure and Chaos, Donald S. Coffey
- CAN 345 ($23.00) Plenary Session 5: Transgenic Mice as Models for Cancer Pathogenesis
- CAN 346 ($23.00) Symposium 12: Human DNA and Protein Adduct Dosimetry
- CAN 347 ($23.00) Symposium 13: Biology and Genetics of Human Prenecoplastic Lesions
- CAN 348 ($23.00) Symposium 14: Latest Advances in Tumor Suppressor Genes
- CAN 349 ($34.50) Minisymposium Immunology 10: Monoclonal Antibodies III
- CAN 350 ($34.50) Minisymposium Carcinogenesis 14: Cell Signaling and Carcinogenesis
- CAN 351 ($34.50) Minisymposium Endocrinology 3: Hormonal Carcinogenesis
- CAN 352 ($34.50) Minisymposium Experimental Therapeutics 26: Reversal of Drug Resistance
- CAN 353 ($11.50) Twelfth Cornelius P. Rhodes Memorial Award Lectures: fos and jun: Oncogenic Immediate- Early Transcription Factors, Tom Curran
- CAN 354 ($23.00) Symposium 15: Protein Kinase C: Modulator of the Cancer Phenotype and Target for Chemotherapy
- CAN 355 ($23.00) Symposium 16: Advances in Molecular Epidemiology of Human Cancer
- CAN 356 ($23.00) Symposium 17: Molecular Basis for the Modulation of Radiation Sensitivity
American Society of Clinical Oncology

- CO 300 ($11.50) CPC Committee Meeting
- CO 301 ($11.50) (S1) New Drugs
- CO 302 ($11.50) (S2) Growth Factors (Uses and Abuses)
- CO 303 ($11.50) (S3) Management of In-Situ and Minimally Invasive Carcinoma of Breast Cancer
- CO 304 ($11.50) (S4) Melanoma
- CO 305 ($11.50) (S5) Acute Myeloblastic Leukemia: Recent Advances in Management
- CO 306 ($11.50) (S6) Directions in Non-Hodgkin’s Lymphoma
- CO 307 ($11.50) (S7) The Molecular Bridge to Future Therapies
- CO 308 ($11.50) (S8) Prostate Cancer: New Insights into Biology and Systemic Therapy
- CO 309 ($11.50) (S9) Tumor Suppressor Gene and Cancer (1 cassette)
- CO 310 ($11.50) (S10) Multimodality Therapy of Gastric and Esophageal Cancer
- CO 311 ($11.50) (S11) Sarcoma in Children and Young Adults

Programs consist of one to three cassettes. Prices are listed with each program title.
$11.50 = 1 cassette, $23 = 2 cassettes, $34.50 = 3 cassettes

Discounts: 1-5 cassettes $11.50 each
6-11 cassettes $11.50 each 5% discount
12-24 cassettes $11.50 each 10% discount
25-48 cassettes $11.50 each 15% discount
49+ $11.50 each 20% discount

HOW TO ORDER: Check desired cassettes. Fill in information below.
Send to: Teach’em, 160 E. Illinois St., Chicago, IL 60611
or Call: (312) 467-0424 or Toll-Free 1-800-225-3775. FAX: 1-312-467-9271

Amount of Order (IL residents add 8.75% sales tax) $ ____________________________
Foreign Country: Add $2.00 per tape outside the U.S.$ ____________________________
Shipping and Handling: $1 per tape $ ____________________________

TOTAL (in U.S. funds) $ ____________________________

NOTE: Defective tapes will be replaced, but tapes are nonrefundable.

Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans. The following topics are of special interest: descriptive, analytical, biochemical and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention.

Particular attention is given to the identification of factors associated with various aspects of the carcinogenic process, including genetic susceptibility, host factors, infectious agents, chemical and physical carcinogens, environmental contaminants, dietary components and behavioral factors such as tobacco use and sun exposure.

INVITATION TO AUTHORS

Significant, original research meeting the highest scientific standards is invited for submission.

For more information, contact: Dr. Pelayo Correa, Editor-in-Chief (504) 529-2848, FAX (504) 529-2849.

- Rapid review process expedited by FAX transmission
- Prompt publication of accepted papers
- Indexed by Chemical Abstracts, Current Contents/CM®, Index Medicus, and MEDLINE.

At the Sandoz Cytokine Development Unit (CDU), we are exploring new paths of research and development and studying more options in disease treatment than were ever thought possible. Using the latest technology, the CDU is working to develop these treatments rapidly, with the same high-quality standards we have always upheld.

At the CDU, our commitment to research and development is unsurpassed. Sandoz created the CDU as an independent unit, fueled by the dedication of specialized personnel. These highly skilled individuals have been brought together for a common goal—to explore new paths of therapy.
