BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society of over 10,000 laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACR enjoy the following benefits:
1. the privilege of sponsoring a proffered paper (abstract) for consideration for presentation at the AACR annual meeting;
2. an advance copy of the Program and Proceedings of the American Association for Cancer Research pertaining to each annual meeting;
3. reduced registration rates at annual meetings;
4. priority notice of small, focused meetings in the AACR’s exciting series of Special Conferences in Cancer Research;
5. reduced registration rates for Special Conferences;
6. opportunities for participation in AACR meetings in North America and abroad with other scientific societies around the world;
7. receipt of AACR Newsletters and other important announcements;
8. early notification of and reduced rates for participation in the AACR Employment Register;
9. an up-to-date Membership Directory of thousands of researchers in the cancer field;
10. the professional benefits of AACR’s public education activities concerning funding for cancer research and press coverage of the latest research findings;
11. participation in Summer Workshops that foster networking opportunities and science education for young investigators; and
12. many more ongoing benefits.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate has conducted research in an area of biomedical science related to cancer, he or she will qualify for membership. Evidence of patents relevant to cancer research may be submitted as qualifications for membership in lieu of peer-reviewed publications.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those indicated above for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status upon leaving the Americas.

Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications for active or corresponding membership should apply for associate membership. Forms for associate membership are available from the AACR Office.

PROCEDURES FOR APPLICATION

There are three deadlines for the receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

Receipt of Application
in AACR Office | Notification of Candidate
--- | ---
January 1 | March
May 1 | July
September 1 | November

A complete application consists of the following material:
1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate’s most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate’s achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. –OR– The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). –OR– The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author. As noted above, evidence of patents developed by the candidate may be submitted in lieu of one or both of the publications. If submitting patents, supply patent number and year awarded.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215-440-9313

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues. In 1996 annual dues for active members are $160, $95 of which is designated for AACR journal subscriptions. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rates will receive reimbursement of the unused portion of those subscriptions once their first year’s membership dues are paid in full.

Corresponding members are required to pay dues ($80 in 1996) and may, if they wish, subscribe to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at reduced member rates.

Applicants elected in March will be responsible for payment of that year’s dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

Margaret Foti, Ph.D.
Executive Director
APPLICATION FOR ACTIVE OR CORRESPONDING MEMBERSHIP

ANDIDATE IS APPLYING FOR (Check one):  ☐ ACTIVE  ☐ CORRESPONDING  MEMBERSHIP

STATEMENT OF SUPPORT

Instead of submitting letters of recommendation, either the nominator or the seconder or both may complete the following section:

- How long has the candidate worked in the field of cancer research? ___ years
- Will the candidate make a long-term contribution to cancer research? Yes ____ No ____
- Does the candidate's research adhere to accepted ethical standards? Yes ____ No ____
- I therefore recommend this candidate for membership in the American Association for Cancer Research.

Signature of nominator* ___________________________ Date ____________

Signature of seconder* ___________________________ Date ____________

See Guidelines for Application on the reverse side of this form for further instructions.

Both nominator and seconder must be active, corresponding, emeritus, or honorary members of the AACR.
AMERICAN ASSOCIATION FOR CANCER RESEARCH

GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a paper for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
3. the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association’s high-quality journals Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR’s series of special conferences on timely subjects in the field;
7. reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
9. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year’s dues payment must accompany the application. Dues are currently $35 for associate members residing in the Americas and $45 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the $35 or $45 dues payment to:

American Association for Cancer Research
Public Ledger Building, Suite 818
150 S. Independence Mall West
Philadelphia, PA 19106-3483
215/440-9300

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1995 and 1996 have been set at $35 per year for residents of the Americas and $45 for residents of other countries. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in November 1995 for the forthcoming annual meeting must have paid dues for 1995. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member’s subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member’s current registrar, dean, or department head, verifying the member’s current academic status. The Association’s By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1995 may retain associate membership until December 31, 1999. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

Margaret Foti, Ph.D.
Executive Director
AMERICAN ASSOCIATION FOR CANCER RESEARCH, INC.

CANDIDATE NOMINATED BY: ___________________________  (Please type or print name of AARC active member* in good standing.)

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________  Date: __________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: ___________________________  Date: __________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently $35 for associate members residing in the Americas and $45 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:

- The enclosed dues payment should be applied to the current  
- Dues are applied to the forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in March or April of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

(This form may be reproduced.)
ADVANCE REGISTRATION FORM

AMERICAN ASSOCIATION FOR CANCER RESEARCH
87TH ANNUAL MEETING - WASHINGTON, DC - April 20-24, 1996

Return to
American Association for Cancer Research • Public Ledger Building, Suite 816
150 S. Independence Mall West • Philadelphia, PA 19106-3483 • FAX: 215-440-7228

DEADLINES:
• March 1, 1996 for reduced rates and to ensure receipt of meeting materials by mail in late March or early April
• March 25, 1996 for all registration by mail (Registration forms received after this date will not be accepted.
  Registration will be conducted at the Washington Convention Center from April 20-24.)
• April 17, 1996 to cancel registration and receive refund less cancellation fee ($35)

(Please print)

☐ Check this box if you have a physical disability and have special requirements for transportation, hotel accommodations, or other facilities in connection with the meeting. A member of the Association Staff will contact you.

WHAT IS YOUR PRIMARY FIELD OF RESEARCH (Please check only one):

☐ 1) Biochemistry and Biophysics  ☐ 2) Carcinogenesis  ☐ 3) Cellular Biology & Genetics  ☐ 4) Clinical Investigations

☐ 5) Endocrinology  ☐ 6) Epidemiology  ☐ 7) Experimental Therapeutics  ☐ 8) Immunology  ☐ 9) Molecular Biology & Genetics

ARE YOU THE PRESENTER OF AN ABSTRACT SUBMITTED FOR THE 1996 ACR MEETING? ☐ Yes  ☐ No

ON WHICH DAYS WILL YOU ATTEND THE 1996 ACR ANNUAL MEETING?
☐ Saturday, April 20  ☐ Sunday, April 21  ☐ Monday, April 22  ☐ Tuesday, April 23  ☐ Wednesday, April 24

PAYMENT OF REGISTRATION

Fees may be paid by check or with a MasterCard, VISA, American Express, or Eurocard account. All payments must be made in U.S. currency, and all checks must be drawn on a U.S. bank. Payment must accompany this form; purchase orders will not be accepted as payment.

☐ Active/Corresponding Member Rate $135  ☐ Check payable to AACR, Inc. in U.S. currency, drawn on a U.S. bank

☐ Nonmember Rate $270  ☐ Payable to AACR, Inc. in U.S. currency, drawn on a U.S. bank

☐ (includes copy of AACR Proceedings)

☐ Emeritus Member Rate $ 50  ☐ Person/Institution Issuing Check ___________________________

☐ Associate Member Rate* $ 75  ☐ Check No. ___________________________

☐ Predoctoral Student Rate* $ 60  ☐ MasterCard ☐ VISA ☐ American Express ☐ Eurocard

☐ Honorary Member Rate $ 0  ☐ Card Number ___________________________

☐ AACR Proceedings $ 35 Members  ☐ Expiration Date ____________

☐ N.A.

☐ Nonmembers $ 45 Members  ☐ AACR Proceedings +

☐ 45 Nonmembers $ 45 Nonmembers

☐ Optional Overseas Surcharge* $ 25

☐ Proceedings on CD-ROM $ 35 Members  ☐ N.A.

☐ 35 Members $ 45 Nonmembers

☐ $ 45 Nonmembers

☐ $ 50 Members  ☐ Methods Workshop Registration $ 75 Nonmembers

☐ 50 Members $ 75 Nonmembers

☐ 75 Nonmembers

TOTAL ENCLOSED OR CHARGED $ ________________________ $ ________________________

☐ N.A.

☐ As long as the $170 nonmember rate has not been exceeded

*An application for Associate Membership may accompany this form, but these should be submitted well before the March 1 deadline, as review of the Associate Membership application may delay registration.

*Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate.

*AACR members with paid-up subscriptions to an AACR journal and registrants who pay the nonmember fee receive the Proceedings automatically. If these members or nonmembers check this box and pay the fee, they will receive an additional copy of the Proceedings.

Optional payment for registrants outside of the U.S. and Canada only. Registrants paying this surcharge will receive meeting publications via airmail--printed matter before the annual meeting. This service not available after March 1.

AACR members in good standing will receive copies of the Program and Proceedings prior to the meeting. Nonmember and student registrants who meet the March 1 deadline will also receive the Program and (if they have purchased it) the Proceedings prior to the meeting. Nonmembers and students who do not meet the deadline must pick up publications at the meeting site.

REFUND POLICY

Refunds on registration fees will be granted upon written request received in the AACR Office by April 17, 1996. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACR Office with the refund request. A cancellation fee of $35 will be deducted from all refunds to cover administrative costs.

(THis form may be reproduced.)
The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 and its purposes are "to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world." Members of the AACR enjoy the following benefits:

1. the opportunity to subscribe to the journals *Cancer Research, Cell Growth & Differentiation, Cancer Epidemiology, Biomarkers & Prevention*, and *Clinical Cancer Research* at the reduced member rate.
   - *Cancer Research* publishes over 7,000 pages per year of timely, significant research. With over 40,000 citations to its articles per year, it rates as the most highly cited journal in the cancer field.
   - *Cell Growth & Differentiation*, a journal of the molecular biology of cancer, has established a tradition of rapid publication with an average review time of 2-3 weeks and an average of 10 weeks between acceptance and publication.
   - *Cancer Epidemiology, Biomarkers & Prevention* has already established itself as a leading journal with a wholly unique scope, providing a common forum for three scientific areas that are rapidly expanding our knowledge of cancer causation and prevention in humans.

2. the privilege of sponsoring a paper for possible presentation at the AACR Annual Meeting;

3. an advance copy of the Program and, if one has been purchased, *Proceedings* pertaining to each Annual Meeting;

4. reduced registration rates at Annual Meetings;

5. priority notice of and reduced registration rates for small, focused meetings in the AACR's Special Conferences in Cancer Research;

6. opportunities for participation in the AACR's meetings with other scientific societies around the world;

7. subscriptions to future AACR journals at reduced member rates;

8. the receipt of AACR newsletters and meeting announcements;

9. early notification of and reduced rates for participation in the Employment Register;

10. an up-to-date Membership Directory;

11. participation in Summer Workshops that foster networking opportunities and science education for young investigators;

12. the benefits of the AACR's public education activities concerning funding for cancer research and press coverage of the latest research findings; and

13. many more ongoing benefits.

Software packages that we are unable to translate:

FrameMaker
PageMaker

Ready, Set, Go
Scientific Writer

Disks produced on IBM or IBM-compatible computers are preferred, but those produced on some Apple or Wang computers can also be converted. Because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: ___________________________________________
Name of computer used (e.g., IBM/PS2): _______________________________________
Operating system and version (e.g., DOS 3.3): _________________________________
Word processing program and version (e.g., WordPerfect 5.0): ___________________
[See reverse for acceptable programs.]

Manuscript number: _________________________________________________________
First author: ________________________________________________________________
Corresponding author (if different from first author): __________________________
Telephone/FAX numbers: ____________________________________________________

This form (both sides) may be reproduced.

Programs consist of 1, 2, or 3 cassettes. Prices are listed after each program title.

- CAN 501 (3 cassettes, $34.50) Methods Workshop 1: General, in Situ, and Quantitative PCR
- CAN 502 (3 cassettes, $34.50) Methods Workshop 2: Gene Targeting and Gene Trapping in Mice
- CAN 503 (2 cassettes, $23.00) Educational Session 1: Molecular Modeling to Medical Monitoring: The Development of New Anticancer Agents
- CAN 504 (2 cassettes, $23.00) Educational Session 2: Gene Therapy
- CAN 505 (2 cassettes, $23.00) Educational Session 3: Genetic Instability in Cancer
- CAN 506 (2 cassettes, $23.00) Educational Session 4: Cytochrome P450
- CAN 507 (1 cassette, $11.50) Meet the Expert Sunrise Session: Pediatric Oncology, Joseph V. Simone
- CAN 508 (1 cassette, $11.50) Meet the Expert Sunrise Session: A Primer on Analyzing Clinical Trials, Steven Pantostadis
- CAN 509 (1 cassette, $11.50) Meet the Expert Sunrise Session: Farnesyltransferase as a Target for Therapy, Alexander W. Wood
- CAN 510 (1 cassette, $11.50) Meet the Expert Sunrise Session: P-Glycoprotein Biology and Multidrug Resistance, Victor Ling
- CAN 511 (1 cassette, $11.50) Meet the Expert Sunrise Session: Is a Mutagenic Event Involved in Initiation? Ann R. Kennedy
- CAN 512 (1 cassette, $11.50) Minisymposium Immunology/Biological Therapy 1: Tumor Immunogenicity and Effector Cells
- CAN 513 (3 cassettes, $34.50) Minisymposium Carcinogenesis 1: Detection of Carcinogen-DNA Adducts in Humans
- CAN 514 (3 cassettes, $34.50) Minisymposium Experimental Therapeutics 1: Molecular Studies of Selected Agents
- CAN 515 (3 cassettes, $34.50) Minisymposium Organ Site/Translational Session 1: Molecular and Cellular Aspects of Gynecological Malignancies
- CAN 516 (3 cassettes, $34.50) Minisymposium Molecular Biology/Biochemistry 1: New Tumor Suppressor Genes
- CAN 517 (2 cassettes, $23.00) Plenary Session: Integrated View of the Cancer Cell
- CAN 519 (1 cassette, $11.50) Controversy Session 1: Breast Cancer Prevention: What Will We Advise Women With BRCA1?
- CAN 520 (3 cassettes, $34.50) Minisymposium Clinical Investigations 2: Tumor Vaccine and Cytolytic T-Cell Generation
- CAN 521 (3 cassettes, $34.50) Minisymposium Molecular Biology/Biochemistry 4: Retinoids and Their Receptors
- CAN 522 (3 cassettes, $34.50) Minisymposium Experimental Therapeutics 6: Molecular Studies of Folates
- CAN 523 (3 cassettes, $34.50) Minisymposium Biology 4: Advances in Invasion, Metastasis, and Angiogenesis Research
- CAN 524 (2 cassettes, $23.00) Symposium 1: Growth Factors, Their Receptors, and Differentiation
- CAN 525 (2 cassettes, $23.00) Symposium 2: Oligonucleotide-mediated Modulation of Mammalian Gene Expression
- CAN 526 (2 cassettes, $23.00) Symposium 3: Biomarkers of Carcinogenesis
- CAN 527 (2 cassettes, $23.00) Symposium 4: DNA Repair Pathways: Recent Surprises
- CAN 528 (2 cassettes, $23.00) Symposium 5: Mechanistic Basis of Ethnic Differences in Cancer Risk
- CAN 529 (1 cassette, $11.50) Presidential Address: There's More Than One Way to Skin a Cat or Regulation of the Polycyclic Hydrocarbon-inducible Cytochrome P450A1 Gene, Edward Bresnick; Presentation of the Third Gertrude Elion Cancer Research Award
- CAN 530 (2 cassettes, $23.00) Careers and Opportunities in Cancer Research: Models for Success: A Symposium Organized by the Committee on Minority Issues
- CAN 531 (1 cassette, $11.50) Meet the Expert Sunrise Session: Everything You Always Wanted to Know About Prostate Cancer But Were Afraid to Ask, John T. Isaacs
- CAN 532 (1 cassette, $11.50) Meet the Expert Sunrise Session: Colon Cancer, Ronald N. Bucik
- CAN 533 (1 cassette, $11.50) Meet the Expert Sunrise Session: Peripheral Blood Progenitor Cell Transplantation, Elizabeth J. Shpall
- CAN 534 (1 cassette, $11.50) Meet the Expert Sunrise Session: Multivariate Determinants of Radiocurability: Predictive Assays in Radiation Oncology, Richard P. Hill

Programs consist of 1, 2, or 3 cassettes. Prices are listed after each program title.
¡ CAN 579 (3 cse, $34.50) Minisymposium Experimental Therapeutics 30: MRP and Other Novel Drug Resistance Genes and Mechanisms
CAN 580 (3 cse, $34.50) Minisymposium Carcinogenesis 19: Cell Cycle Genes in Carcinogenesis
CAN 581 (3 cse, $34.50) Minisymposium Biology 19: Moving Invasion, Metastasis, and Angiogenesis Research toward Clinical Applications
CAN 582 (3 cse, $34.50) Minisymposium Molecular Biology/Biochemistry 16: Alterations of the Cancer Genome
CAN 583 (2 cse, $23.00) Symposium 19: Contribution of Environmental Factors to Cancer
CAN 584 (2 cse, $23.00) Symposium 20: Stem Cell Transplantation and High-Dose Chemotherapy
CAN 585 (2 cse, $23.00) Symposium 21: Signal Transduction and Gene Control and Development
CAN 586 (2 cse, $23.00) Symposium 22: Natural Products in Chemoprevention of Cancer
CAN 587 (1 cse, $11.50) Fourteenth Cornelius P. Rhodes Memorial Award Lecture: Mapping Genes and Genomes: Genetic Dissection of Complex Traits, Eric S. Lander
CAN 588 (1 cse, $11.50) Meet the Expert Sunrise Session: Pharmacokinetic/Pharmacodynamic Relationships in Cancer Chemotherapy, Merrill J. Egorin
CAN 589 (1 cse, $11.50) Meet the Expert Sunrise Session: Cellular and Molecular Biology Underlying Relationships between the Major Forms of Human Lung Cancer, Stephen B. Baylin
CAN 590 (1 cse, $11.50) Meet the Expert Sunrise Session: Prostate-specific Gene Expression in Transgenic Mice, Norman M. Greenberg
CAN 591 (1 cse, $11.50) Meet the Expert Sunrise Session: Tyrosine Phosphorylation in Transcaryotosomal Signaling, Tony Hunter
CAN 592 (1 cse, $11.50) Meet the Expert Sunrise Session: Molecular Determinants of Multidrug Resistance: p53 Mutations Are Associated with Resistance of Hematopoietic Malignancies to Chemotherapy, Elizabeth W. Newcomb
CAN 593 (2 cse, $23.00) Symposium 23: The Cell Cycle and Tumor Suppressor Genes
CAN 594 (2 cse, $23.00) Symposium 24: Transcription Factors in Development and Neoplasia
CAN 595 (2 cse, $23.00) Symposium 25: Human Gene Therapy in Clinical Cancer
CAN 596 (2 cse, $23.00) Symposium 26: Graft versus Tumor Effects
CAN 597 (3 cse, $34.50) Minisymposium Prevention 5: Chemoprevention: Inhibitors of the Arachidonic Acid Cascade
CAN 598 (3 cse, $34.50) Minisymposium Endocrinology 5: Prostate Cancer II
CAN 599 (3 cse, $34.50) Minisymposium Organ Site/Translational Session 7: Lung and Head and Neck Translational Research
CAN 5100 (3 cse, $34.50) Minisymposium Experimental Therapeutics 36: Novel Agents
CAN 5101 (3 cse, $34.50) Minisymposium Carcinogenesis 22: Human Genetics and Cancer Susceptibility
CAN 5102 (1 cse, $11.50) Controversy Session 5: Is Bone Marrow Transplantation Indicated for Breast Cancer?
CAN 5103 (1 cse, $11.50) Fourteenth Bruce F. Cain Memorial Award Lecture: Initiatives with Platinum- and Quinazoline-based Antitumor Molecules, Kenneth R. Harrap
CAN 5104 (1 cse, $11.50) Controversy Session 6: Are Estrogens Implicated in Breast Cancer?
CAN 5105 (3 cse, $34.50) Minisymposium Molecular Biology/Biochemistry 22: Regulation of Enzymes that Metabolize Drugs and Carcinogens
CAN 5106 (3 cse, $34.50) Minisymposium Immunology/Biological Therapy 12: Immunobiological and Therapeutic Aspects of Central Nervous System Tumors
CAN 5107 (3 cse, $34.50) Minisymposium Clinical Investigations 13: Hematopoietic Stem Cell Transplantation/High-Dose Chemotherapy
CAN 5108 (3 cse, $34.50) Minisymposium Carcinogenesis 26: Signal Transduction, Growth Factors, and Cellular Communication
CAN 5109 (3 cse, $34.50) Minisymposium Experimental Therapeutics 42: Drug Resistance: New Strategies and Targets
CAN 5110 (2 cse, $23.00) Symposium 27: Angiogenic Control of Tumor Growth
CAN 5111 (2 cse, $23.00) Symposium 28: Extracellular Matrix, Gene Expression and Cell Signalling
CAN 5112 (2 cse, $23.00) Symposium 29: Apoptosis
CAN 5113 (2 cse, $23.00) Symposium 30: Cancer Prevention and Intermediate Biomarkers

1996 RESEARCH FELLOWSHIPS
For Young Scientists at the Postdoctoral or Clinical Fellow Level

- **1996 Research Fellowship in Clinical/Translational Research:** This Fellowship, sponsored by Amgen, Inc., will provide a one-year grant of $30,000 to a young scientist in the U.S. or Canada engaged in meritorious clinical or translational cancer research.

- **1996 Research Fellowship in Basic Research:** This Fellowship will provide a one-year grant of $30,000 to a young scientist in the U.S. or Canada engaged in meritorious basic cancer research.

- These Research Fellowships will be awarded at the AACR Annual Meeting in Washington, DC, in April 1996.

- An additional Research Fellowship in Clinical Research will be available in 1997, sponsored by Bristol-Myers Squibb Oncology.

**Eligibility**
Candidates must have completed the M.D., Ph.D., or other doctoral degree. Candidates must currently be a postdoctoral or clinical research fellow and must have been a fellow for at least two years but not more than five years prior to the year of the award. Academic faculty holding the rank of assistant professor or higher, graduate or medical students, government employees, and employees of private industry are not eligible. A candidate need not be a member of the AACR at the time of application, but he or she must be nominated by an AACR Member. Associate Members may not be nominators.

**Selection Process**
Applications will receive careful scientific evaluation by a prestigious Committee consisting of AACR Members who are experts in basic, clinical, and translational cancer research. Applications must be submitted in complete form by **February 15, 1996.**

**For Further Information/Application Forms**

1996 GERTRUDE ELION CANCER RESEARCH AWARD

Supported by an Educational Grant from
Glaxo Wellcome Oncology

• This Award was established in honor of Nobel Laureate Dr. Gertrude Elion, Scientist Emeritus at Glaxo Wellcome Co. and Past President and Honorary Member of the AACR.

• The Gertrude Elion Cancer Research Award is a one-year, $30,000 grant for a scientist in the U.S. or Canada engaged in meritorious basic, clinical, or translational research in cancer etiology, diagnosis, treatment, or prevention at the level of non-tenured Assistant Professor.

• The AACR will reimburse the Awardee for travel to the 1996 Annual Meeting in Washington, D.C., where Dr. Elion will personally present this Award.

Eligibility

Candidates must have completed postdoctoral studies or clinical fellowships not later than July 1 of the Award year, and ordinarily not more than five years earlier. Tenured faculty in academia, government employees, and employees of private industry are not eligible for this award. A Candidate need not be a member of the AACR at the time of application, but must be nominated by a Member of the AACR. Associate Members may not be nominators.

Selection Process

Applications are evaluated by a Committee consisting of AACR Members who are experts in basic, clinical, and translational cancer research. Complete applications must be submitted by February 15, 1996, to be considered for the 1996 Award.
