Contents of Volume 7

JANUARY, 1947. NUMBER 1

A. R. GOPAL-AVENGAR and E. V. COWDRY. Desoxyribose Nucleic Acid from Isolated Chromosome Threads in Experimental Epidermal Methylcholanthrene Carcinogenesis in Mice .......................................................... 1

CHRISTOPHER CARRUTHERS and V. SÜNTZEFF. Succinic Dehydrogenase and Cytochrome Oxidase in Epidermal Carcinogenesis Induced by Methylcholanthrene in Mice .... 9

EDWARD W. SHRIGLEY, HARRY S. N. GREENE, and F. DURAN-REYNALS. Growth of Avian Tumors Other Than the Rous Sarcoma in the Anterior Chamber of the Guinea Pig Eye ...................................................... 15

F. DURAN-REYNALS and J. W. KING. Reciprocal Effects of Natural Immune Bodies from Chickens and Ducks on Variants of a Sarcoma Virus ......................... 21

PAUL N. HARRIS. On the Production of Sarcoma with Wheat Germ Oil ............... 26

PAUL N. HARRIS. Production of Sarcoma in Rats with Light Green SF ............... 35

A.A.A.S. GIBSON ISLAND RESEARCH CONFERENCE ON CANCER, 1946. Abstracts of Papers Presented ............................................................... 37

ABSTRACTS ............................................................... 53-63

Reports of Research .................................................. 53-57

Clinical and Pathological Reports ........................................ 57-63

BOOK REVIEWS ............................................................ 64

FEBRUARY, 1947. NUMBER 2

JOHN J. BIESELE and GABRIEL GASIC. Sex Hormone Effects on Chromosome Size in Leukemic and Normal Lymphocytes of C58 Mice ............................ 65

JOHN J. BIESELE. Chromosomes in Lymphatic Leukemia of C58 Mice .............. 70

ALFRED TAYLOR and NELL CARMICHAEL. Stromal Malignancy in Mouse-Grown Transplants of Egg-Cultivated Mouse Mammary Carcinoma ......................... 78

PAUL N. HARRIS. Production of Tumors in Rats by 2-Aminoanthracene and 2-Acetylaminofluorene. Failure of Liver Extract and of Dietary Protein Level to Influence Liver Tumor Production ....................................................... 88

C. J. KENSLER, J. W. MAGILL, and K. SIGIURA. The Metabolism of N,N-Dimethyl-p-Aminoazobenzene and Related Compounds ........................................... 95

F. DURAN-REYNALS. A Study of Three New Duck Variants of the Rous Chicken Sarcoma 99

F. DURAN-REYNALS. Transmission of Adult Pigeons of Several Variants of the Rous Sarcoma of Chickens ......................................................... 103

WERNER G. JAFFE. Carcinogenic Action of Ethyl Urethane on Rats. With an Appendix by Rudolph Jaffé ......................................................... 107

WERNER G. JAFFE. The Response of Rats to the Simultaneous Application of Two Different Carcinogenic Agents ..................................................... 113

WERNER G. JAFFE. Possible Linkage Between the Development of Local Tumors and Pulmonary Adenomas Induced by Methylcholanthrene in Non-Inbred Mice ........ 117

ABSTRACTS ............................................................. 120-128

Reports of Research .................................................. 120-122

Clinical and Pathological Reports ...................................... 122-128

MARCH 1947. NUMBER 3

J. ENGELBRETH-HOLM and R. RASK-NIELSEN. On the Sensitivity of Different Tissues in Street Strain Mice to 9, 10-Dimethyl-1, 2-Benzanthracene ......................... 129

W. F. DUNNING, M. R. CURTIS, and M. E. MADSEN. The Induction of Neoplasms in Five Strains of Rats with Acetylaminofluorene ........................................ 134

HENRY S. KAPLAN. Observations on Radiation-Induced Lymphoid Tumors of Mice ........ 141

CORNELIA HOCH-LIGETI. Changes in the Succinoxidase Activity of Livers from Rats during the Development of Hepatic Tumors on Feeding p-Dimethylaminobenzene 148

RUTH CORTELL. The Production of Tumors in the Livers of Rats Fed m-Methyl-p-Dimethylaminobenzene Carcinogenesis with Purified Diets Varying in Content of Cysteine, Cystine, Liver...
Contents to Volume 7

Extract, Protein, Riboflavin, and Other Factors .................................................. 162

PAUL N. HARRIS, M. E. KRAHEL, and G. H. A. CLOWES. The Effect of Biotin upon \( p \)-Dimethylaminobezene Carcinogenesis .................................................. 176

PAUL N. HARRIS. The Effect of Diet Containing Dried Egg Albumin upon \( p \)-Dimethylaminobenzene Carcinogenesis .................................................. 178

ROBERT SCHREK and HERMAN LENOWITZ. Etiologic Factors in Carcinoma of the Penis .................................................. 180

ABSTRACTS .................................................................................. 188-192

Reports of Research .................................................................................. 188-190

Clinical and Pathological Reports .................................................. 191-192

APRIL, 1947. NUMBER 4

GERRIT TOENNIES. Protein-Chemical Aspects of Cancer .................................. 193

L. TH. LARIONOW. On the Fate of Carcinogenic Hydrocarbons in the Animal Body .................................................. 230

J. FURTH and M. C. BOON. Induction of Ovarian Tumors in Mice by X-Rays .................. 241

J. FURTH and H. SOBEL. Transplantation of Luteoma in Mice and Associated Secondary Changes .................................................. 246

A. H. M. KIRBY. Tumors Induced in Mice with \( p \)-Diazoaminobenzene ................. 263

ABSTRACTS .................................................................................. 268-272

Clinical and Pathological Reports .................................................. 268-272

MAY, 1947. NUMBER 5

PAUL E. STEINER, D. WARREN STANGER, and MIRIAM N. BOLYARD. Comparison of the Carcinogenic Activity in Extracts of Human Liver and Other Human and Animal Organs .......................................................... 273

JOHANNES CLEMENSEN and THOGER BUSK. Cancer Mortality among Males and Females in Denmark, England and Switzerland. I .................. 281

JOHANNES CLEMENSEN and THOGER BUSK. Cancer Mortality among Males and Females in Denmark, England and Switzerland. II. Danish Towns and Rural Areas .................................................................................. 286

HUGH J. CREECH, EVELYN L. OGINSKY, and F. S. CREEVER. Immunological Studies of Hydrocarbon-Protein Conjugates. I. Precipitin Reactions .................................................. 290

HUGH J. CREECH, EVELYN L. OGINSKY, and O. N. ALLEN. Immunological Studies of Hydrocarbon-Protein Conjugates. II. Quantitative Results .................................................. 297

HUGH J. CREECH, EVELYN L. OGINSKY, and MAX TRYON. Immunological Studies of Hydrocarbon-Protein Conjugates. III. Inhibition Reactions .................................................. 301

J. G. MCDONALD. Production of Reticulum Cell Sarcoma and Fibrosarcoma by Methylcholanthrene Adsorbed on Activated Carbon .................................................. 305

L. A. STRAIT and K. B. DeOME. Desoxicorticosterone Acetate. Mammary Gland Growth, and Carcinogenesis in Mice .................................................. 310

ABSTRACTS .................................................................................. 312-318

Reports of Research .................................................................................. 312-314

Clinical and Pathological Reports .................................................. 314-318

BOOK REVIEWS .................................................................................. 319-320

JUNE, 1947. NUMBER 6

MAURICE M. BLACK. Changes in the Reducing Power of Serum or Plasma of Patients with Malignant Neoplastic Disease .................................................. 321

PAUL C. ZAMECNIK and MARY L. STEPHENSON. Activity of Catheptic Enzymes in \( p \)-Dimethylaminobenzene Hepatomas .................................................. 326

A. H. M. KIRBY. Studies in Carcinogenesis with Azo Compounds. III. The Action of (A) Four Azo Compounds in Wistar Rats Fed Restricted Diets; (B) N,N-Diethyl-\( p \)-Aminoazobenzene in Mice .................................................. 333

M. F. GUVER and P. E. CLAUS. Tumor of the Lung in Rats Following Injections of Urethane (Ethyl Carbamate) .................................................. 342

BÉLA HALPERT and CHARLES D. TOOL. Anlage Tumors of the Salivary Glands .................................................. 346

EVELYN A. POTTER. The Changing Cancer Death Rate .................................................. 351

J. STASNEY, K. PASERBI, D. PACHKIS, A. CANTAROW, and M. S. ROTHENBERG. Neoplasms in Rats Treated with 2-Acetaminofluorene and Sex Hormones. II .................................................. 356

U. S. ATOMIC ENERGY COMMISSION Announces Distribution of “Heavy Water” .................................................. 362

NATHAN B. FRIEDMAN. Germinoma of the Pineal. Its Identity with Germinoma (“Seminoma”) of the Testis .................................................. 363

Books and World Recovery .................................................................................. 368}
