INDEX TO VOLUME 7
Original Articles and Abstracts

Author and subject entries are included in one alphabet. Asterisk (*) indicates original article published in Cancer Research. Double asterisks (**) indicate papers read before The American Association for Cancer Research, Inc. Triple asterisks (***) indicate abstracts of papers read at A.A.A.S. Gibson Island Research Conference on Cancer. Articles otherwise designated are abstracts.

Book reviews are indexed under Book Reviews, and under name of author of book.

A.A.A.S. Gibson Island Research Conference on Cancer, 1946, 37
Abbott, E. H., et al., 192
— See Courville, C. R., 192
Abdominal wall, tumors. Pack, G. T., et al., 318
Abel, I. See Burket, J. A., 125
Abels, J. C., Kensler, C. J., Young, N. F., and Homburger, F. Changes of carbohydrate metabolism in patients with gastric cancer and in mice bearing sarcoma 180. **720
— See Treves, N., 124
Abrams, R. D., 63
Acanthosis nigricans, a case. O’Donnell, F. J., et al., 414
Acetylaminofluorene, carcinogenic action influenced by thiouracil. Paschikis, K. E., Cantarow A., and Stansey, J., 731
2-Acetaminofluorene, carcinogenic activity. Cox, A. J., Jr., Wilson, R. H., and DeEds, F., *647
2-Acetaminofluorene tumors in piebald and Wistar rats, compared. Biehsowsky, F., 312
— produced in rats. Harris, P. N., *88, 313
Adair, F. L. See Watts, R. M., 56
Adenomatoidina, suprasellar. Globus, J. H., et al., 59
Adams, W. S., 272
Adenocarcinoma, thyroid, hyperthyroidism and functional metastases. Leiter, L., et al., 406
Adenolipoma, breast. Spalding, J. E., 415
Adenolymphoma, parotid gland. Ramage, J. S., et al., 316
Adenoma, adrenal, surgery. Wilhelm, S. F., et al., 316
— lung and local tumors, induced, possible linkage in non-inbred mice. Jaﬄe, W. G., *117, 312
— hypoglycemia from, surgical cure. Isaacs, H. E., 316
— parathyroid. Lobner, P., et al., 317
Rogers, H. M., 517
— roentgen examination. Pereda, A., 270
— sebaceous. Arostan, N. E., 192
Adenocarcinoma, ovary. Melody, G. F., et al., 269
— stomach. Strassmann, G., 272
Adenocarcinoma, cervix uteri, associated with primary gastric cancer. Williams, E. L., 60
— radiotherapy. Baclesse, F., et al., 60
— endometrium, various treatments. McLennan, C. E., 58
— mammary, reduced frequency in high tumor strain mice. Chamarro, A., 57
— spontaneous effect of hypophysectomy. Chamarro, A., et al., 54
— sweat glands, vulva. Novak, E., et al., 59
— urachus, bladder involvement. Rappoport, A. E., et al., 126
Adenofibroma, spontaneous, mammary epithelioma in. Roussy, G., et al., 121
Adenomyoepithelioma, sweat glands. Hartz, P. H., 600
Addison’s disease. De la Balze, F. A., et al., 408
Adenomyosis and endometriosis. Yin, Y. C., 601
Adrenal cortex disorders, differential blood count in. De la Balze, F. A., et al., 408
— over-activity, biochemical aspects. Scowen, E. F., et al., 507
— tumor factors in formation. Woolley, G. W., and Dickie, M. M., **722
— hirsutism and virilism from. Ducuing, J., et al., 63
— tumors, children. Pratt, J. P., et al., 316
— glands, polysaccharide and adrenal cortex extract administered simultaneously, effect on, and on tumor cells. Diller, I. C., **715
Adrenochrome, polargraphic investigation. Wiesner, K., 315
Afifi, M. A. Cancer mortality in Egypt. *537
Age, effect on liver regeneration after partial hepatectomy. Bucher, N. L. R., Ginos, A., and Aub, J. C., **724
Aiken, D., 415
Albright, F. See De la Balze, F. A., 408
Albumin, dried egg, effect on p-DAB carcinogenesis. Harris, P. N., *178, 408
Alem, C., 121, 122
Aligre, G. H., and Legallais, F. Growth rate of transplanted tumors in relation to latent period and host vascular reaction. **774
— See Hesselbach, M. L., **724
Allen, O. N. See Creech, H. J., 297
Allison, P. R. See Tanner, N. C., 272
Alvarez, W. C., 413
Ameloblastoma. Byars, L. T., et al., 128
American Association for Cancer Research, Inc., Special Meeting, Board of Directors, 402
— Proceedings, Scientific Sessions. 709
American Association for the Advancement of Science. See A.A.A.S.
Amerbach, J. C., et al., 599
Aminoaio dyes, bound, presence and significance in rat livers after p-DAB. Miller, E. C., and Miller, J. A., *468
— carcinogenic, effect on antioxidation of linoleic acid. Rusch, H. P., and Miller, J. A., **730
o-Aminoaizotoluene, susceptibility of C mice to. Andervont, H. B., and Dunn, T. B., **730
2-Aminofluorene, tumors produced in rats. Harris, P. N., *88, 313
Ameobaoma confused with carcinoma. Smyth, M. J., 272
Ampulla of Vater, carcinoma. Mazzeiner, S. M., 126
Andervont, H. B., and Dunn, T. B., Susceptibility of strain C mice to o-aminoaizotoluene. **730
Andries, G. H., et al., 128
Anemia produced in chicks by mouse mammary tumors grown in their yolk sacs. Armstrong, M., and Ham, A., **481

Angioblastoma, breast, and pregnancy. Entiknap, J. B., 768

Angiomas, and pigmented nevi. Bivings, L., 123

Angiomatosis, encephalo-trigeminal. Green, J. R., 59

Angiosarcomatosis, Kaposis, hemangiomatosus, and histologic study. Rimbau, P., et al., 62

Anhydro-hydroxy-progesterone, relation to fibromatosis. Iglesias, R., et al., 596

Anlynan, A. J. See Fishman, W. H., *808

Ansphach, B. M., 125

Anthrancene oil, fractions, carcinogenic action of. Lacassagne, A., et al., 53

2-AnthraMine, tumors from. Bielschowsky, F., 53

Argentaffinoma, intestine, small. Bonar, A. A., 272

Armstrong, M., and Ham, A. Effects, particularly anemia, produced in chicks by growth in their yolk sacs of mouse mammary tumors. **481

Aronstam, N. E., 192

Arthneoblastoma. Daughtrey, D. C., 269

---androblastoma. Teitum, G., 603

Ascorbic acid deficiency, effect on tumors. Robertson, W. v. B., Dalton, A. J., and Heston, W., **712

--- injections, increased metastatic power of Guerin's metastatic epitheloma. Driessen, J., 55

Asparagine, deposition in hepatic tissues. Errera, M., and Greenstein, J. P., **712

Atomic products. See Radioactive substances.

Au, M. H. See Lansing, A. L., **727

--- See Bucher, N. L. R., **724

Ayre, J. E., et al., 58, 60

Azo compounds, action in rats and mice. Kirby, A. H. M., 407

--- studies in carcinogenesis. Kirby, A. H. M., *333

Azo dyes, affecting storage of riboflavin in liver. Griffin, A. C., et al., 597

--- production of liver tumors. Cortell, R., *158, 404

Azotoluene bladder tumors, rats. Strombeck, J. P., 595

Bablotet, J., et al., 414

Ball, H. A., 315

Ball, Z. B., See Barnum, C. P., *522
