Contents of Volume 7

JANUARY, 1947. NUMBER 1

A. R. GOPAL-AVENGER and E. V. COWDRY. Desoxyribose Nucleic Acid from Isolated Chromosome Threads in Experimental Epidermal Methylcholanthrene Carcinogenesis in Mice .......................................................... 1
CHRISTOPHER CARRUTHERS and V. SUNTZEF. Succinic Dehydrogenase and Cytochrome Oxidase in Epidermal Carcinogenesis Induced by Methylcholanthrene in Mice ...................................................... 9
EDWARD W. SHRIGLEY, HARRY S. N. GREENE, and F. DURAN-REYNALS. Growth of Avian Tumors Other Than the Rous Sarcoma in the Anterior Chamber of the Guinea Pig Eye ............................................................... 15
F. DURAN-REYNALS and J. W. KING. Reciprocal Effects of Natural Immune Bodies from Chickens and Ducks on Variants of a Sarcoma Virus ................................................................. 21
PAUL N. HARRIS. On the Production of Sarcoma with Wheat Germ Oil ................................................. 26
PAUL N. HARRIS. Production of Sarcoma in Rats with Light Green SF ...................................................... 35
A.A.A.S. GIBSON ISLAND RESEARCH CONFERENCE ON CANCER, 1946. Abstracts of Papers Presented ............................................................... 37
ABSTRACTS ........................................................................ 53-63
Reports of Research ........................................................ 53-57
Clinical and Pathological Reports ........................................ 57-63
BOOK REVIEWS .................................................................. 64

FEBRUARY, 1947. NUMBER 2

JOHN J. BIESELE and GABRIEL GASIC. Sex Hormone Effects on Chromosome Size in Leukemic and Normal Lymphocytes of C58 Mice ............................................................... 65
JOHN J. BIESELE. Chromosomes in Lymphatic Leukemia of C58 Mice .................................................. 70
ALFRED TAYLOR and NELL CARMICHAEL. Stromal Malignancy in Mouse-Grown Transplants of Egg-Cultivated Mouse Mammary Carcinoma ................................................................. 78
PAUL N. HARRIS. Production of Tumors in Rats by 2-Aminofluorene and 2-Acetylamino-fluorene. Failure of Liver Extract and of Dietary Protein Level to Influence Liver Tumor Production ........................................................................... 88
C. J. KENSLE, J. W. MAGILL, and K. SIGIURA. The Metabolism of N,N-Dimethyl-p-Aminoazobenzene and Related Compounds ................................................................. 95
F. DURAN-REYNALS. A Study of Three New Duck Variants of the Rous Chicken Sarcoma 99
F. DURAN-REYNALS. Transmission of Adult Pigeons of Several Variants of the Rous Sarcoma of Chickens .................................................................................................................. 103
WERNER G. JAFFE. Carcinogenic Action of Ethyl Urethane on Rats. With an Appendix by Rudolph Jaffe ................................................................. 107
WERNER G. JAFFE. The Response of Rats to the Simultaneous Application of Two Different Carcinogenic Agents .......................................................................................... 113
WERNER G. JAFFE. Possible Linkage Between the Development of Local Tumors and Pulmonary Adenomas Induced by Methylcholanthrene in Non-Inbred Mice ............... 117
ABSTRACTS ........................................................................ 120-128
Reports of Research ........................................................ 120-122
Clinical and Pathological Reports ........................................ 122-128

MARCH 1947. NUMBER 3

J. ENGELBRETH-HOLM and R. RASK-NIELSEN. On the Sensitivity of Different Tissues in Street Strain Mice to 9, 10-Dimethyl-1, 2-Benzanthracene ........................................................................... 129
W. F. DUNNING, M. R. CURTIS, and M. E. MADSSEN. The Induction of Neoplasms in Five Strains of Rats with Acetylaminofluorene ........................................................................... 134
HARRY S. KAPLAN. Observations on Radiation-Induced Lymphoid Tumors of Mice 141
CORNELIA HOCI-HIGETI. Changes in the Succinoxidase Activity of Livers from Rats during the Development of Hepatic Tumors on Feeding p-Dimethylaminoazobenzene 148
RUTH CORTELL. The Production of Tumors in the Livers of Rats Fed m-Methyl-p-Dimethylaminoazobenzene .................................................................................. 158
PAUL N. HARRIS, M. E. KRAHL, and G. H. A. CLOWES. p-Dimethylaminoazobenzene Carcinogenesis with Purified Diets Varying in Content of Cysteine, Cystine, Liver
Contents to Volume 7

Extract, Protein, Riboflavin, and Other Factors ........................................... 162
PAUL N. HARRIS, M. E. KRAHL, and G. H. A. CLOWES. The Effect of Biotin upon p-Dimethylaminooazobenzene Carcinogenesis ........................................... 176
PAUL N. HARRIS. The Effect of Diet Containing Dried Egg Albumin upon p-Dimethylaminooazobenzene Carcinogenesis ........................................... 178
ROBERT SCHREK and HERMAN LENOWITZ. Etiologic Factors in Carcinoma of the Penis ................................................................. 180
ABSTRACTS ................................................................................. 188-192
Reports of Research ........................................................................... 188-190
Clinical and Pathological Reports .................................................. 191-192

APRIL, 1947. NUMBER 4

GERRIT TOENNIES. Protein-Chemical Aspects of Cancer ..................... 193
L. TH. LARIONOW. On the Fate of Carcinogenic Hydrocarbons in the Animal Body ................................................................. 230
J. FURTH and M. C. BOON. Induction of Ovarian Tumors in Mice by X-Rays ................................................................. 241
J. FURTH and H. SOBEL. Transplantation of Luteoma in Mice and Associated Secondary Changes ................................................................. 246
A. H. M. KIRBY. Tumors Induced in Mice with p-Diazoaminobenzene ................................................................. 263
ABSTRACTS ................................................................................. 268-272
Clinical and Pathological Reports .................................................. 268-272

MAY, 1947. NUMBER 5

PAUL E. STEINER, D. WARREN STANGER, and MIRIAM N. BOYLAND. Comparison of the Carcinogenic Activity in Extracts of Human Liver and Other Human and Animal Organs ................................................................. 273
JOHANNES CLEMMENSEN and THOGER BUSK. Cancer Mortality among Males and Females in Denmark, England and Switzerland. I ................................................................. 281
JOHANNES CLEMMENSEN and THOGER BUSK. Cancer Mortality among Males and Females in Denmark, England and Switzerland. II. Danish Towns and Rural Areas ................................................................. 286
HUGH J. CREECH, EVELYN L. OGINSKY, and F. S. CHEEVER. Immunological Studies of Hydrocarbon-Protein Conjugates. I. Precipitin Reactions ................................................................. 290
HUGH J. CREECH, EVELYN L. OGINSKY, and O. N. ALLEN. Immunological Studies of Hydrocarbon-Protein Conjugates. II. Quantitative Results ................................................................. 297
HUGH J. CREECH, EVELYN L. OGINSKY, and MAX TRYON. Immunological Studies of Hydrocarbon-Protein Conjugates. III. Inhibition Reactions ................................................................. 301
J. G. MCDONALD. Production of Reticulum Cell Sarcoma and Fibrosarcoma by Methylcholanthrene Adsorbed on Activated Carbon ................................................................. 305
L. A. STRAIT and K. B. DEOME. Desoxicorticosterone Acetate, Mammary Gland Growth, and Carcinogenesis in Mice ................................................................. 310
ABSTRACTS ................................................................................. 312-318
Reports of Research ........................................................................... 312-314
Clinical and Pathological Reports .................................................. 314-318
BOOK REVIEWS ........................................................................... 319-320

JUNE, 1947. NUMBER 6

MAURICE M. BLACK. Changes in the Reducing Power of Serum or Plasma of Patients with Malignant Neoplastic Disease ................................................................. 321
PAUL C. ZAMECNIK and MARY L. STEPHENSON. Activity of Catheptic Enzymes in p-Dimethylaminooazobenzene Hepatomas ................................................................. 326
A. H. M. KIRBY. Studies in Carcinogenesis with Azo Compounds. III. The Action of (A) Four Azo Compounds in Wistar Rats Fed Restricted Diets; (B) N,N-Diethyl-p-Aminoazobenzene in Mice ................................................................. 333
M. F. GUYER and P. E. CLAUS. Tumor of the Lung in Rats Following Injections of Urethane (Ethyl Carbamate) ................................................................. 342
BÉLA HALPERT and CHARLES D. TOOL. Anlage Tumors of the Salivary Glands ................................................................. 346
EVELYN A. POTTER. The Changing Cancer Death Rate ................................................................. 351
J. STASNEY, K. E. PASCHKIS, A. CANTAROW, and M. S. ROTHENBERG. Neoplasms in Rats Treated with 2-Acetaminofluorene and Sex Hormones. II ................................................................. 356
U. S. ATOMIC ENERGY COMMISSION Announces Distribution of “Heavy Water” ................................................................. 362
NATHAN B. FRIEDMAN. Germinoma of the Pineal. Its Identity with Germinoma (“Seminoma”) of the Testis ................................................................. 363
Books and World Recovery ................................................................. 368
Cancer Research
