Correction: A Novel Class of Anticancer Compounds Targets the Actin Cytoskeleton in Tumor Cells

In this article (Cancer Res 2013;73:5169–82), which was published in the August 15, 2013, issue of Cancer Research (1), the "Cytotoxic compounds" section on page 5170 was missing a reference and should read as follows:

The anti-tropomyosin compound TR100 was designed and synthesized by T.A. Hill and A. McCluskey (23). Cytochalasin D was purchased from Sigma-Aldrich. Compounds were solubilized in DMSO to give stock concentrations of 50 mmol/L (TR100) and 4 mmol/L (cytochalasin D).

The new reference #23 is as follows:

The references in the article have been renumbered accordingly. The authors regret this error. The online version of the article has been corrected and no longer matches the print.
