NOTICE TO AUTHORS

Before preparing manuscripts for submission to CANCER RESEARCH, authors are urged by the Editor to consult the detailed INSTRUCTIONS TO AUTHORS which are given in the January 1971 issue of the Journal. Copies of these instructions are available from the Editorial Office upon request.

A MESSAGE FOR DADDIES

They'd rather have you around than your insurance.

Get yourself a good, thorough examination once a year. Once a year, let your doctor really look you over. It'll take a little time, and a little patience. And maybe he'll poke around a little more than you'd really like. And so he should.

The whole idea is to keep you healthy. If nothing's wrong (and more than likely, there isn't) hooray! Come back next year. But if anything's suspicious, then you've gained the most important thing of all: time.

We can save 1 out of 2 persons when cancer is caught in time, caught early. That's a good thing to know. All Daddies should know how to take care of themselves so that they can have the fun of taking care of their kids. Don't be afraid. It's what you don't know that can hurt you.
