The Bristol-Myers Company
is pleased to announce that

Dr. Howard Earle Skipper
of

Southern Research Institute
has been awarded the third annual

**Bristol-Myers Award
for Distinguished Achievement
in Cancer Research**

for his pioneering studies of the growth of
cell populations and the effect of anti-cancer
drugs on them

April 2, 1980

DAMON RUNYON—WALTER WINCHELL CANCER FUND

33 West 56th Street, New York, N.Y. 10019

Request for Proposal

DAMON RUNYON—WALTER WINCHELL CANCER FUND

RESEARCH FELLOWSHIPS

Deadline for first applications: August 15, 1980

Decision on first applications: December, 1980

The Damon Runyon—Walter Winchell Cancer Fund is seeking fellowship applications from clinician-scientists who are interested in studying the biology, prevention, diagnosis, or treatment of human cancer. The fellowship is intended to support a two-year period of research, largely free from clinical obligations, during which time the fellow will develop a research program that will provide a basis for a subsequent academic career. The fellowship tenure will award a stipend of \$15,500 per annum. This stipend is not intended to be a substitute for a resident's salary. Candidates may apply for an additional sum of at most \$1500 for research supplies. Doctors of Philosophy not holding an M.D. degree will not be excluded from consideration if the proposed research deals with human cancer.

Applicants must have: 1) a strong commitment to an academic career; 2) a sponsor who will supervise his or her research training; and 3) additional financial support from a sponsoring or parent institution, to ensure that the total compensation will be commensurate with the fellow's experience and training. Applicants should either be nearing the completion of their clinical training programs or have finished their training not more than 2 years before applying.

Applications will be judged on the basis of the qualifications of the fellow and the sponsor, as well as on the originality and relevance of the proposed research. Additional details concerning these fellowships can be obtained by writing:
