### PFANSTIEHL'S NEW CATALOG...

The source for  
Carbohydrate Chemistry,  
and much, much more!

Pfanstiehl now offers the most complete product line in its areas of specialization. Everything from simple sugars, deoxy sugars, sugar alcohols, glycosides and blocked sugars to unique diagnostic chemicals, pharmaceutical intermediates and research biochemicals.

Many are essential to biochemical syntheses and health-care research. Some are available nowhere else; one reason why Pfanstiehl is acknowledged as "The Rare Sugar House of the World."

Listed for the first time are analytical carbohydrate reference standards, with a broad range of carbohydrates specifically purified to meet this important industry need. These are designed for chromatographic and enzyme work, and are supplied with appropriate chromatographic analyses and other pertinent data.

You will find this new Pfanstiehl catalog an essential working tool. Use handy coupon below to request your free copy.
