**NATIONAL CONFERENCE  
ON ADVANCES  
IN CANCER THERAPY**

---

---

A national conference on advances in cancer therapy, sponsored by the American Cancer Society, will be held December 8 through 10, 1983, at the Waldorf-Astoria Hotel, New York, New York. The continuing medical education objectives of this conference are: to increase knowledge of the new scientific and technical developments relevant to cancer treatment; to increase understanding of the relationships of newer therapeutic modalities employed in cancer treatment and the multidisciplinary approach to patient management; to promote adoption of a more positive approach to the curability of cancer when appropriate treatment is utilized; and to increase understanding of the differences between standard treatment regimens, protocol studies, and clinical investigation in cancer therapy trials. The program meets the criteria for 16½ hours in Category 1 of the Physician's Recognition Award of the American Medical Association, 16½ credit hours in Category 2-D of the American Osteopathic Association, and 15 prescribed hours from the American Academy of Family Physicians.
