**American Cancer Society
NATIONAL CONFERENCE
ON
RADIATION ONCOLOGY—
1984**

The American Cancer Society, in cooperation with the American Society of Therapeutic Radiologists and Oncologists, the Commission on Cancer of the American College of Radiology, the American Radium Society, and the American Association of Physicists in Medicine, is sponsoring a national conference on radiation oncology. The conference will be held June 14 through 16, 1984, at the San Francisco Hilton Hotel, San Francisco, California. The continuing education objectives of the meeting are to increase knowledge of the role of radiation oncologists in the cancer management multidisciplinary team, of basic principles of radiation biology and physics, of technical advances in radiation oncology, and of staging and treatment planning. This program meets the criteria for 16 hours in Category 1 of the Physician's Recognition Award of the American Medical Association and 16 credit hours in Category 2-D of the American Osteopathic Association. For further information write to:
