

FOR AUTHOR INDEX, SEE PART 2, PAGES 2200-2201

THIS SPACE CONTRIBUTED AS A PUBLIC SERVICE

To understand much of what we're doing with respect to cancer research, you'd need a graduate degree in microbiology or biochemistry.

But to understand how well our educational programs and service resources help both patients and their families, simply talk to one out of every 100 Americans who are part of our volunteer program. Or talk to one of the 3 million who've survived cancer.

The battle isn't over but we are winning.

Please support the American Cancer Society.

KEEP UP WITH THE LATEST DEVELOPMENTS
IN
Cancer Research

THE #1 CITED JOURNAL IN ITS FIELD

Subscribe to *Cancer Research*—the leading citation source of original studies in cancer research and cancer-related biomedical science. Issued monthly, *Cancer Research* publishes over 7,000 pages per year that keep you abreast of the most significant and timely findings in your field through the following regular features:

- **The most up-to-date articles** in basic research and clinical and epidemiological investigations by authors from more than 30 countries and the United States
- **Perspectives in Cancer Research**, in which leading investigators explore contemporary and at times controversial topics
- **Supplemental issues** developed from symposia on relevant subjects—*Symposium on HTLV*, the 1985 supplement, presented reports from an international conference on the HTLV family of viruses including several articles on the HTLV-related disease AIDS
- *Proceedings of the American Association for Cancer Research*, a special annual issue that offers stimulating new research ideas in abstract form

Leave your mark on life.

You don't have to move mountains to make a difference on this earth. Or be a Michelangelo to leave your mark on it.

Leaving even the smallest legacy to the American Cancer Society can help change the future for generations to come. By including the American Cancer Society in your will, you'll be leaving a loving and

lasting impression on life.

You see, cancer is beatable. The survival rate for all cancers is already approaching 50% in the United States.

You'll be giving a gift of life to the future. And giving life is the greatest way of leaving your mark on it.
